

Based on the charges against the members of the Crowe faction of the Republican party. He cited the contest he had brought and which at the moment was pending before Superior Judge M. L. McKinley and the other contestants to be heard by County Judge J. H. Hurley, who were defeated and charged with the nomination of the Crowe faction.

Trude said he could see no reason for the grand jury investigation of present. He said he feared his witnesses would be intimidated and that there would be leaks from the grand jury.

Then, when former Judge McDonald spoke of his own lack of political ambition, Judge Trude replied that he realized he was committing political suicide in bringing the charges he did. Justice Lynch listened to Judge Trude, then made this brief statement: "The jury will be impeached."

**Grand Jury Chosen.**  
James A. Williams, 4634 North Hermitage avenue, an agent for the C. & N. W. railroad, was selected as foreman of the special grand jury. The other grand jurors are:

Edward J. Allen, 3025 Addison street, clerk.  
Frank W. Brown, 3820 Lowell avenue, planning contractor.  
Philip E. Kain, 7703 Sheridan road, vice president of the General Naval Stores company.

Jerome J. Gervy, 2341 North Austin boulevard, Cicerone, architect.  
P. J. Coleman, 4231 Sheridan road, law clerk.

Robert E. Gopfinger, Riverside, manufacturer.  
Stanley T. De Jener, 1256 Roscoe street, insurance broker.

W. P. DeWitt, Chicago Heights, railroad yardmaster.  
Judeau Enquist, 1923 North Francisco avenue, night watchman.

Francis Kniss, 9236 South Artesian avenue, salesman.  
Thomas F. Foley, La Grange, agent for the Bell Telephone company.

S. A. Holmes, La Grange, sales manager.  
Harry B. Hillson, Evanston, printing salesman.

Frank O. Lagerstrom, 2902 West Twenty-third street, north inspector.  
Paul G. Lamborn, 3133 Fulton street, contractor.

David H. Lueben, 1127 North Waller avenue, truck painter.  
John J. MacKay, Eastlake hotel, security salesman.

Norman S. O'Brien, 4510 North Central Park avenue, office manager.  
John P. O'Brien, 4210 North Central Park avenue, warehouse superintendent.

Harry W. DeForest, 9707 North Linden avenue, manager of book's office.  
Alvin P. Sauer, 1430 Elmhurst avenue, physician.

Stanley Wolf, 2628 North Lawrence avenue, a contractor.

After they were sworn Prosecutor McDonald told them they would be busy today and tomorrow organizing his staff and directed them to report again Thursday morning.

**YANKEE'S MURAL DEPICTS RUSH TO WAR BY FRENCH**

(Chicago Tribune Press Service.)

PARIS, June 7.—The memorable days of August, 1914, when the youths of France were packed on troop trains and rushed eastward to meet the invader were recalled vividly today when a huge mural depicting one of the heart-breaking departures was stenciled in the main hall of the Gare d'Orsay in the name of one American youth who died at Chateau Thierry.

The great mural is the work of the American painter, Albert Herter, who stenciled it to the station from which the French soldiers hurried for the front during the four years.

He presented it in memory of his own son, Everett Herter, a Harvard graduate who was killed at Chateau Thierry in 1918 at the age of 23.

**RACE TRACK TRAINS.**  
Burlington Route special trains direct to Running Races, Exposition Park, near Aurora, daily except Sunday. Leave Union Station, Jackson Blvd. and Canal St., Chicago, 12:15 P. M. and 12:45 P. M. (Chicago City Time). Round trip \$1.50. Special trains returning directly after the last race. Westbound first train will stop at Western Ave. and Cicero Ave. and using both trains stop at Western and Cicero.—Adv.

## JUDGES DELAY TRUDE'S FRAUD MOVE TEN DAYS

Block Hearing Now in McKinley's Court.

(Picture on back page.)

Municipal Judge Daniel P. Trude's contest of the nomination of Joseph P. Savage for the county judgeship began before Judge Michael L. McKinley was blocked yesterday for ten days by the executive committee of the Superior court, Judges Timothy D. Hurley, Hugo Pam, and Denis E. Sullivan.

As counsel for Assistant State Attorney Savage, James G. Condon placed before the committee a petition alleging that attorneys for Judge Trude schemed to get their case before Judge McKinley because they knew he was prejudiced against State Attorney Crowe and members of his staff, and asking that the recount plea be transferred to some other court.

**Forced to Delay Case.**  
Early in the proceedings Chief Justice Hurley acted as spokesman for the committee and he indicated plainly that unless the case before Judge McKinley set for this morning, was continued they would consider and act immediately on the transfer petition. Thereupon attorneys for Judge Trude went before Judge McKinley and obtained a continuance until June 18.

These operations took up most of the day. Attorney Condon filed his plea in the morning with Chief Justice Hurley, who told him a regular meeting of the executive committee would be held at 2 o'clock.

And at 2 o'clock there began a series of proceedings of lawyers and newspaper men back and forth through the corridor of the county building between Judge Sullivan's court, where the committee was meeting, and Judge McKinley's court at the other end of the building.

**Move for Continuance.**  
First, Chief Justice Hurley indicated that the action must be held up until the committee could consider the recount that it be taken away from Judge McKinley.

Attorneys Harry Eugene Kelly and Howard P. Castle, representing Judge Trude, said they were willing to ask a continuance. They went before Judge McKinley in chambers and told him they would make such a motion this morning.

Then they returned and reported to

Chief Justice Hurley. Attorney Condon insisted that he was not satisfied, that the motion must be made at once, and Chief Justice Hurley sustained him. The other two members of the committee, Judges Sullivan and Pam, were not in the courtroom but were in the adjoining chambers.

**Judges Sit En Banc.**  
So Attorneys Kelly and Castle went back to Judge McKinley's and the court entered the ten day order they asked. Then back to Judge Sullivan's where now the three committee members came in and sat en banc.

They and Attorney Condon expressed satisfaction with Judge McKinley's order and then, after some discussion, the committee entered an order allowing Judge Trude four days in which to file his answer to Savage's petition and gave Attorney Condon until 10:30 next Monday morning, which to file any rebuttal he may care to make. And at that hour the committee will listen to arguments.

Most of the discussion at this point concerned Judge Sullivan's suggestion that Attorney Condon add to his drafted order another sentence that the committee had jurisdiction over the subject matter of the petition and the parties thereto. Judge Trude's counsel protested emphatically against this language and were still objecting and entering an exception when the three judges started affixing their signatures to the order.

**Offered Three Proposals.**  
In addition to setting up the points already described, the Savage petition recited that Attorney Condon had made a series of three proposals to Attorney Castle, the final one being that Judge Trude and his counsel could select any one of fourteen other available judges and that Savage would stipulate that the case be transferred from Judge McKinley to the one chosen by the plaintiff.

The three members of the committee were among the fourteen. The other judges were: Chief Justice Hurley, Judges Sullivan, Joseph Seabath, Joseph B. David, Jesse Holman, William J. Lindsay, Walter P. Steffen, John J. Sullivan, Charles A. Williams, Horace Wells.

**Hint at Trade Rule.**  
The petition went on to say that Attorney Castle refused to accept the offer.

It is notoriously and manifestly evident," it continued, "that they are contriving and planning to prevent

## McSWIGGIN CASE ONE OF UNSOLVED CRIMES—CROWE

Asks Who Killed Tom Ince and Why?

Approached by Castle.

Giernan swore under oath that on June 3 Attorney Castle said to him in the office of Superior Court Clerk Erickson that he had a case he wanted to have assigned to Judge Foell. Judge Foell is on vacation and his call is being handled by Judge McKinley.

The advertising man said that he thereupon went behind the partition and saw stamped on the wrapper of a document on the window clerk's desk the name of Judge Sullivan. He asked if Judge Foell was next in order. The answer was an affirmative and Giernan says that he then signalled to Attorney Castle, who came forward and handed in the Trude petition.

But instead of stamping it with the name of Judge Sullivan, Castle called Kelly to come over, and together they laid the facts before Judge McKinley, with the result that Judge McKinley took the case.

During the proceedings before him Judge McKinley commented on this unusual transaction.

The Savage petition argued that if the plan of getting this case before Judge McKinley is permitted to succeed, "it will inevitably result in developing a public state of mind which will have a tendency to bring courts into disrepute and otherwise interfere with the due administration of justice."

**Give Inquiry Every Aid.**  
"I shall advise the board that it is entirely proper to vote such a fund, and to this advice I add my personal desire that every advantage be given the McDonald inquiry."

Have repeatedly declared my eagerness to find the answer to the question so often repeated, "Who killed McSwiggin and why?" I have supplemented my desire by offering a reward of \$5,000 for information which would lead to this answer.

**Other Mysteries Unsolved.**  
"The public is aware, however, that the McSwiggin murder is not the first mystery to remain unsolved over some exciting and anxious period. The question, 'Who killed McSwiggin and

why?' may well be asked respecting many unfortunate deaths in the United States.

"I have in mind such an unfortunate death reported a year and a half ago from the California coast. It arouses the question, 'Who killed Thomas H. Ince, and why?'"

**DETROIT ROUND TRIP.**  
Via Grand Trunk Railway. Leave Dearborn Station June 12—return limit June 17. Tickets good in sleeping or parlor cars upon payment of regular berth or seat charges. Tickets and full details at 108 W. Adams St. Ran. 3184.—Adv.

**Why~**

So Many Young Folks Come To Colby's

One reason for our steady increase in sales is the fact that each succeeding year sees more and more young folks coming to John A. Colby & Sons, not only for occasional pieces of furniture, but complete furnishing of new homes.

And why not?

At John A. Colby & Sons they are sure of securing, at moderate prices, not only furniture of every period, but furniture that is in keeping with the very latest trend in modern styles. They are also sure that, no matter how new the design, it will NOT be some freakish example of a passing fad, but will be exactly the kind of distinctive quality furniture that they will admire ten years from now even more than they admire it today.

James Sexton, 2

## SECOND SON IN SEXTON FAMILY MURDER VICTIM

Found Slain by Road in  
Beer Feud.

CRIMINAL COURT  
Joseph Korb, Wallace Holubar, and  
Joe Janssen, sentenced to 1  
year each in the Bridewell by Judge  
Marshall Eiler.  
Frankie G. Shook, burglary, sen-  
tenced to 1 year in the Bridewell by  
Judge William V. Brothers.

James Sexton, 26 years old, 1623  
Washington avenue, whose brother  
Patrick was slain on June 6, 1923, in a  
beer feud among Checker taxi drivers, was  
found shot to death yesterday on a  
lonely road near Hillside.

Patrick Sexton, 49 and white-haired  
father of twelve children, who  
suffered the death of Frank by shooting  
and killing Smiling Jack Rose in a  
beer building corridor on April 21,  
viewed the body of his second  
son in a Maywood undertaking  
establishment, where it was taken by  
a county highway police.

"James," he cried, "Who could  
have done this? Who are our enemies  
now?"

Handled Some Beer.  
Then Patrick Sexton, until recently  
a saloonkeeper and now just an old  
man without a job, gave to Sgt.  
Leonard Burch of the detective bureau  
a new and a theory.  
He said that James had gone out  
and then, when he was a saloon-  
keeper and brought him a barrel of  
beer. The police believe that he has  
been cutting in on the regular beer  
business and that one of these was  
responsible for his death. An anony-  
mous tipster told Chief of Detectives  
William J. Connelley to seek Dutch Cook  
and George Vogel, well known as beer  
runners, for an explanation.

Recalls Rose Slaying.  
Patrick Sexton thinks the killing  
the outgrowth of his shooting of  
Jack Rose. The father was indicted  
for murder, but acquitted. He shot  
under indictment for the murder  
of Rose, because he "got too  
many continuances." Rose's friends,  
he thinks, are out to get him and his  
son.

Michael Sexton, another son, asserted  
that James was a bill poster, an  
unemployed, hardworking youth who lived  
with his family in a \$22 a month flat.  
Neighbors don't live in that style, he  
said.

The murder was accomplished with  
the workmanlike finish that has come  
to be regarded as characteristic of the  
beer killings. Seven bullets had been  
rained into the body and head, all from  
one range. An automobile which  
James Sexton purchased a few weeks  
ago is missing and the police believe  
it was kidnapped and then killed  
with one vehicle, which later was  
used to convey his body to the spot  
where it was discovered.

Cast Out in Daylight.  
The physical evidence leads to the  
belief that the body was dumped on  
Toll road, just south of Roosevelt  
and near the Mount Carmel cem-  
etery, and the Fairview golf course in  
road daylight, between 10:30 a. m.  
and 11:30 a. m.

Robert Smith, a truck driver, found  
the body at 11:45 a. m. From Wilmett

## Second Son in Sexton Family Murdered

James Sexton, 26 years old, whose  
bullet riddled body was found on  
lonely road near Hillside.

Mrs. James Sexton, the mother of  
two children, who was made widow  
by killing ascribed to bootleggers.

Grundy of 509 South Second avenue,  
Maywood, the police learned that the  
body was not at the spot previous to  
10:30. Grundy, an employee of a nur-  
sery nearby, said he had finished cut-  
ting the grass at the spot at 10:30 and  
that the body was not there then.

Admits Selling Car.  
In one of Sexton's pockets was found  
a bill of sale, showing that he had pur-  
chased an automobile using the name  
Robert Brannigan, from Jacob Kell-  
man, 1926 Archer avenue, a dealer in  
plate and window glass.

Mrs. Marian Sexton, the widow, was  
interviewed by Sgt. Burch and his  
men. Patrolmen Dillon, Healy, and  
Sife, at her home. With her daugh-  
ters, Marian, 5 years old, and Dorothy,  
3, clinging to her, she said that she  
had last seen her husband at 6:30  
p. m. Sunday.

"As he went out he told us we  
would be back and take us all to a  
picture show," she declared. "We  
never heard from him again."

## DELAY RELEASE OF THIEL, HELD FOR M'SWIGGIN

Theodore Thiel will remain in  
police custody at least twenty-four hours  
from the time of the hearing in Judge  
Joseph E. David's court, where his re-  
lease was sought yesterday on a writ  
of habeas corpus.

Among those who are pressing the  
inquiry regarding Thiel is Sgt. An-  
thony McSwiggin, father of Assistant  
State's Attorney William H. McSwig-  
gin, who was murdered. Sgt. Mc-  
Swiggin some time ago received infor-  
mation that Thiel had carried word to  
Alphonse Capone that an auto had ar-  
rived in Cicero and that it contained  
young McSwiggin, James J. Doherty,  
and Thomas Duffy, later slain with a  
machine gun.

The elder McSwiggin has believed  
that Thiel had information he was  
afraid to give because of fear of gang  
revenge. Before Judge David yes-  
terday Thiel's lawyer declared his  
client was ready to tell all he knew.

Explaining his life in Cicero, Thiel  
said he had gambled there, losing  
about \$13,000, getting back about \$7,500  
by later play.

Turning to William Schoemaker,  
chief of detectives, Judge David asked  
why gambling was permitted in Cook  
county. Schoemaker replied that it  
was not.

Patrick Sexton, father of James,  
who avenged death of his son, Frank,  
by killing Smiling Jack Rose.

## NEW DICTATOR TELLS PLANS TO SAVE PORTUGAL

LONDON, June 7.—(AP)—The Oporto  
correspondent of the Daily Mail sent  
an interview which he has had with  
Gen. Gomes da Costa, who with Gen.  
Cabeçadas led the recent coup d'état  
in Portugal which brought about the  
resignation of President Machado and  
the ministry.

"There is no stability in our gov-  
ernments," Gen. da Costa said. "They  
are no sooner in power than they are  
overthrown. No just man can or dare  
govern; it is every man for himself.  
Our poor country is becoming daily  
more impoverished, and the world re-  
gards us as a corrupt nation."

"My aim is to rectify this state of  
affairs in politics, and scheming for  
power must end. I do not desire civil  
war, but my army will fight for my  
principles if necessary. I will model  
my dictatorship on the principles of  
Primo de Rivera (Spanish premier) or  
Mussolini (Italian premier). I favor no  
particular party."

## TESTIFIES SHE TYPED BOGUS WILL BY ORDERS

Girl Tells Court of Sub-  
stitution of Names.

Mrs. Mary Crilly French, 57 years  
old, mystery woman of Park Ridge,  
had been dead twenty-four hours when  
a will disposing of her \$50,000 estate  
was drawn up Jan. 7 in the office of  
Edmund Ostrowski, real estate dealer,  
according to testimony given yester-  
day before Probate Judge Henry Hor-  
ner by Ostrowski's former secretary.

The evidence of Florence Dorsch-  
ner, 2836 North Western avenue, was  
the climax late in the day of the hear-  
ing of a petition to admit the will to  
probate. Court was adjourned un-  
til 11 o'clock this morning, but guards  
stationed all night outside Miss  
Dorschner's home to guard against  
any effort to intimidate her from giving  
further testimony.

Find Typist of Second "Will."  
Mrs. French died Jan. 6. When a  
will naming Ostrowski as executor and  
giving the property to Mrs. Harriet  
E. Dahlman, a friend and neighbor of  
the aged woman, was produced, an in-  
vestigation was immediately started.  
A post mortem examination of the  
woman's organs disclosed no traces of  
poison. But investigators from the  
public administrator's office were put  
to work on the case.

They found Miss Dorschner who left  
Ostrowski's employ ten days after Mrs.  
French's death. Questioned by At-  
torney Otto Ulrich, representing the  
public administrator, the girl told the fol-  
lowing story:

"The day following Mrs. French's  
death, Mr. Ostrowski called me into his  
office and gave me a will to copy. He  
gave orders that certain portions  
should be left out and certain phrases  
inserted. He told me to insert his own  
name in the place of another man  
named as executor. I can't remember  
the name of the first man or the con-  
tents of the original will."

Says She Can Identify It.  
She declared she could identify the  
will she had drawn because of an en-  
sure she had made. The will was dated  
Dec. 22, 1925, following Ostrowski's or-  
ders, she said. The will she copied was  
dated Jan. 6, the date of Mrs. French's  
death. It was signed by Mrs. French.

## THIS MOOCHER NAMES HIS OWN TIME TO STAY OUT IN CITY HUTCH

John Collingswood quit kicking  
when he left the cradle for the high-  
chair fifty years ago. Ever since he  
has been a good fellow. He was such  
a good fellow yesterday that Judge  
Francis Borrelli in Chicago avenue  
court let him choose his own sen-  
tence.

"How much time do you want?"  
inquired the judge after Policeman  
John Walsh testified that Collingswood  
had been indicted and had been  
mooching the public.

"Suit yourself, judge," replied the  
prisoner. "The last time I kicked I  
broke the sides out of the cradle.  
But make it easy on yourself."

"How would a few days in the Bride-  
well do?"  
"O, more than that," said Collings-  
wood; "make it at least ten days."

The judge accommodated him and  
the prisoner thanked him as they  
started him on his way to the house  
of correction.

and a witness whose name she could  
not remember.

Previously Harry Papke, 2136 North  
Western avenue, and Stanley Golem,  
biewski, 2241 North Oakley avenue,  
told of witnessing a will Dec. 22 after  
being introduced to an "old woman  
whom Mr. Ostrowski introduced as Mrs.  
French."

Wind sweeping into Chicago from  
the northwest yesterday at a maxi-  
mum speed of 46 miles an hour caused  
the injury of three men and heavy  
damage to the season's new straw hats.

S. L. McClaughray, 3521 South Loomis  
street, was the most seriously injured.  
His skull was fractured when the gale  
moved a house which was being lifted  
on jacks at 3602 West 57th place to  
make room for digging a cellar. The  
others, who suffered minor injuries,  
were at work at the same place.

Fresh to strong northwest winds,  
diminishing in the afternoon, will pre-  
vail again today, according to the  
official weather forecast.

Prices realized on Swift & Company's sales  
of carcass beef in Chicago, for week ending  
Saturday, June 5, on shipments sold out were  
as follows: Cows, Common to Good 10.00  
cents to 14.00 cents; Steers, Common to Me-  
dium 13.00 cents to 15.00 cents; Hogs, Good  
to Choice, 16.00 cents to 20.00 cents; total  
sales averaged 14.00 cents per pound—AP.

## Heirs to British Title to Enter Woolen Mill

Passaic, N. J., June 7.—(AP)—The  
Hon. Richard Downey, heir to Vis-  
count Downey of England and fiancé of  
Miss Marguerite Bahrens, daughter of  
Christian Bahrens, woolen mill owner  
here, will enter a mill here to learn the  
woolen business after his marriage  
probably next fall. It was learned  
today. At the Bahrens home it was  
said that the Hon. Richard was expect-  
ed soon. He is an officer in King  
George's grenadier guards.

## FISTS FLY IN HOUSE HEARING BY COMMITTEE

Mississippi Congressman One of Participants.

(Chicago Tribune Press Service.)

Washington, D. C., June 7.—(Special.)—Riot, marked by an exchange of inkwells, water glasses, law books, and nasty words, ended the house judiciary committee's investigation today into the administration of the affairs of world war veterans by their guardian, Frederick A. Penning, District of Columbia commissioner.

Representing the institution of Frank J. Hogan, attorney for Penning, the charges he made were false, Representative Rankin (Dem., Miss.) hurled an inkwell at the lawyer, shouting: "You can't insult me, you —"

Hogan, as the fiery Mississippian reached for the inkwell, picked up a glass of water, which he threw, glass and all, at Rankin. While the inkwell landed on Hogan's head, inflicting an ugly bruise and spattering bystanders with ink, the glass missed its mark.

Woman and Veteran Join Attack. Rankin followed the ink well with a law book, which, smashed against the chest of a man behind Hogan. In an instant the hearing room was a struggling mass of representatives, veterans, and spectators, not a few of whom were women and who added to the confusion by screaming.

One woman rushed at Penning and landed a resounding smack with her palm on his face, and a one-legged veteran brought his crutch down on the commissioner's shoulder, narrowly missing Penning's head. A sergeant at arms pinioned Rankin, while others held Hogan, who swung wildly and pleaded to be allowed to reach Rankin.

The fighting was quelled only when Representative Graham (Rep., Pa.), chairman of the committee, who had been absent at the start, mounted the rostrum and restored order.

How the Fracas Started. The committee's investigation was originally intended to end last Saturday with the withdrawal from the case of Representative Blanton (Dem., Tex.), sponsor of the impeachment resolution, but Representative Rankin asked for another day's hearing so that he might question Mr. Penning.

Addressing the committee, Mr. Rankin chided it for closing the inquiry without a more thorough investigation of reports that Penning had drawn large sums from estates of insane veterans.

"You say," he said, addressing Mr.

## SISTER MARY V. RYAN, MERCY HOSPITAL HEAD, TO GET LL.D. DEGREE

Sister Mary Veronica Ryan, R. N., superior and superintendent of Mercy hospital, will receive the honorary degree of doctor of laws from Loyola university tomorrow. She is the first sister known to have received this degree.

The honor will be conferred in recognition of Sister Veronica's achievements in conceiving and developing some of the most important principles of surgical technique employed in operating rooms today. For eight years she was surgical assistant to this late Dr. J. B. Murphy and was the first nurse to have supervision of a surgical operation room, under the direction of Dr. Murphy.

Her work during the seventeen years she was superintendent of the Mercy hospital school for nurses, it is said, has affected the entire field of nursing education. Sister Veronica received recognition for the Mercy hospital school from Northwestern university, making it the first school of the kind in the middle west to form a university affiliation.

At all the conventions and conferences for the exchange of experience and for associative efforts for the betterment of hospital service which she has attended, the nun has been recognized by both Catholics and non-Catholics as a leader.

Sister Veronica is one of the founders of the Catholic Hospital association, was for two years secretary of the Illinois State League for Nursing Education, and is president of the Illinois conference of the Catholic Hospital association.

Hogan, "that the estates are intact. We do not know what condition they are in."

"I say," declared Hogan, "the courts and everybody knows they are intact; there is not a single one of them that is not intact, and the suggestion that they are not intact is undeniably false and untrue."

Then Rankin hurled the ink well.

## YOUTHS BARRED BY JUDGE DURING TRIAL AT DE KALB

De Kalb, Ill., June 7.—(Special.)—Emerson Wilson, Stanley Simms, and Leonard Rich will go on trial in Circuit court tomorrow on a charge of rape brought by Miss Dorothy Westervelt, Northern Illinois Teachers' college co-ed.

Judge W. J. Fulton announced today that all persons under 19 would be barred from the trial and that spectators would be limited to 50.

Miss Westervelt charges that the three youths attacked her while on an automobile ride on the night of April 4.

## STRIKING IRON WORKERS REJECT PEACE PROPOSAL

After a turbulent meeting last night the Structural Iron Workers' union voted unanimously to remain on strike unless the Iron League of Chicago agrees to pay \$1.50 an hour.

The employers' compromise offer to raise the present wage rate from \$1.37 1/2 to \$1.50 an hour on Oct. 1 was rejected. Union officials ordered the meeting hall cleared and then allowed only those who had been in the local a year to return and cast a ballot on the peace proposal. This action eliminated fully 60 per cent of those attending the meeting from deciding the settlement question.

After the meeting, which lasted until 11:30 o'clock, it was said that many foremen reported that employers were willing to pay the \$1.50 an hour rate immediately.

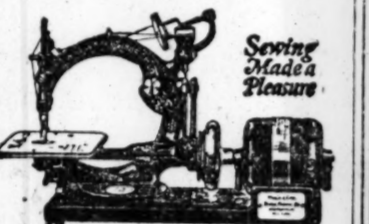

It was said these reports added to the turmoil and were largely responsible for shelving appeals made by the more conservative element. The strike which was called a week ago had little effect on construction. But within a few days it was said this situation will change. It was reported yesterday that little steel is being delivered.

The Iron league held a special meeting yesterday, as did the Builders' Association of Chicago. After adjournment the former issued this statement:

"The Iron league agreement covers the setting of reinforcing rods, which for years was handled by laborers and can be done by them just as well as by structural ironworkers, and, in the interest of lower building costs, should be handled by laborers at the rate of 87 1/2 cents an hour.

"In many cities the ironworker is accepting a lower rate for this work, which does not cover any hazard and no unusual working condition. In Chicago the union is doing this situation, and the rate for this work as for the work requiring greater hazard. A number of employers are putting in red work with laborers."

## BROOKHART WINS OVER CUMMINS IN IOWA PRIMARY

Plurality Is Predicted at 70,000.

(Continued from first page.)

steadiness: now Cummins in Iowa, on farm relief. Three in a line on three different issues.

Cummins broke with the White House on its agricultural policy, and took the leadership in the struggle to get a relief measure through congress. But even this was not sufficient to allay the discontent of the corn belt when they went to the polls. Many of them regarded the Cummins move in behalf of the farmer as being, but from all signs the great motivation was to hand Washington the hardest jolt possible just to let

the east know the corn belt means business and isn't hesitant about a little hell raising.

Mason City for Brookhart.

Up in Mason City, home of the McNiders, father and son, the latter Brookhart, assistant secretary of war, with whom Brookhart has a political feud, in the first precinct reporting Brookhart was outtrumping Cummins eight to five.

One item militating against Cummins, now nearing the end of eighteen years in the senate, was his advanced years and there were old political scars that still ached.

There was the old Cummins-Parkinson fight of twenty years ago, which still has a hangover in Sioux City. There was the campaign Cummins made against the venerable Allison, eighteen years ago, when the Cummins men kept shouting "senility."

The old standpats have gone along for Cummins, more as an anti-Brookhart proposition, especially after Brookhart bolted the party two years ago, after getting the Republican nomination. But in political activities they have been crowded out by a younger set, which rather dampened their

spirits in this campaign in some districts.

Another handicap for Cummins was the idea that has been spreading in Iowa that Cummins, the fire-eating Progressive, has been tamed down by advancing years and by too much absorption of the "eastern view" at Washington. In other words, that "he has grown away from his state."

One hears that everywhere in Iowa. But in the opinion of the seasoned politicians these political disabilities could have been overcome, had it not been for the farm relief situation. They regard the Coolidge administration as the greatest load the senator had to carry.

While agrarian discontent was the keynote, the campaign itself was based more upon animosities than upon enthusiasms.

The "against motif" was pronounced everywhere.

Seek New Blood.

In some sections the Cummins poll was more an anti-Brookhart vote than a pro-Cummins poll. In extensive areas the Brookhart vote was an anti-Coolidge vote more than anything else. The vote rolled up by Clark came from

anti-Brookhart and anti-Cummins quarters and was expressive of a movement to get new blood into Iowa's political affairs.

All through the campaign the Cummins group steered clear of bringing the Coolidge administration in. The "party regularity" argument, that McKinley used in Illinois was shunned and what was emphasized was the fact that Cummins had broken with Coolidge on farm relief and was actively fighting the White House policy.

Brookhart, on the other hand, soaked the U. S. administration, and toured the state telling the voters, in effect, the only way to get farm relief was to throw a brick at Washington. So, judging from the incomplete returns, the voters responded by sending back to the senate, so far as the primaries could do it, the man whom the senate a few weeks ago sent back to the voters of Iowa.

HIGH SCHOOL GIRL MISSING.

Hyde Park police were asked yesterday to search for Isabelle Boyer, 17 year old Hyde Park high school girl, who has been missing from her home at 813 East 56th street since Friday. Her parents described her as being five feet three inches tall, brunette, and unusually pretty.

## FREE SPEECH TO BE INDIANA DRY CHIEFS' DEFENSE

File Answer Today to  
Contempt Charge.

BY PHILIP KINSLEY.  
(Chicago Tribune Press Service.)

Indianapolis, Ind., June 7.—[Special.]—The Anti-Saloon League of Indiana will file in the state Supreme court tomorrow its complete answer to the contempt charges brought against its officials by Attorney General Arthur L. Gilliom, and will ask for a discharge of the case.

While no formal hearing is expected tomorrow, the attorney general will oppose the motion on as early a date as possible, and witnesses may be called to determine the issue.

**Predict Drys Will Lose Case.**  
The three league officials, Edward S. Schumaker, superintendent for 20 years and a political power of the state; Ethan A. Miles, attorney for the league; and Jess E. Martin, attorney and trustee of the league, are subject to fine and imprisonment, in the discretion of the court, if the case goes against them. That it will go against them is predicted by lawyers here.

The case might be called the Bill of Rights against the Anti-Saloon league, as it is the attempt of the dry leaders to question the state Supreme courts interpretation of constitutional guarantees that finally brought the action against them.

The matter is expected to be disposed of in the next few weeks, as the court sits only until July 3 and Justice Julius C. Travis is a candidate for reelection in the fall. Clarence Martin, former beverage manager, is to contest for the seat now held by Justice Louis B. Ewbank.

**No Further Delay.**  
Former Attorney General James Bingham is counsel for the league in this defense. Three delays have already granted the defense and another technical motion had been looked for tomorrow, but Mr. Bingham made that an answer would be stated.

Refuge under the constitutional provision of free speech and free press is expected to be part of the defense, and the case thus comes under two phases of constitutional guarantees. The attorney general, who was listed as a dry in Anti-Saloon league literature two years ago, is determined to force the issue through and to show that the Rev. Mr. Schumaker has been making false and malicious statements

## PRINCE OF NOBLE FRENCH LINE ARRIVES WITH WIFE TODAY

Prince Jacques de Broglie, son of one of the oldest families of the French nobility, accompanied by his wife, who was formerly Mrs. Marie Antoinette Aussean, a gifted Parisian pianist, will arrive in Chicago this morning from Los Angeles.

PRINCE DE BROGLIE.

Prince de Broglie's family is of Italian origin, and dates back to the twelfth century, removing to France in the sixteenth. Among its members have been two marshals of France and two prime ministers, one of the latter being Duke Victor de Broglie, in power during the early part of the last century, and his son, Duke Albert, who succeeded his father as premier.

In various pulpits about the Supreme court members.

**Ministers Aid Prosecutor.**  
The case is attracting state-wide attention. Lawyers, judges, ministers are coming to the aid of the young attorneys general who have dared to oppose the all-powerful league. Many churches, it is said, have been closed to the league collectors. Evidence has been offered to support the alleged contempt.

One instance is given by an attorney, who states that he heard Mr. Schumaker say in a public appeal for funds that a certain member of the Supreme bench had been seen drunk on the streets. Not only this justice, it is stated, but every other man on the Supreme bench is personally dry, and the man attacked in this way has been a total abstainer for 35 years.

"These defendants," and particularly the defendant, the Rev. E. S. Schumaker, have set themselves above the Supreme court of Indiana," says the amended petition of the attorney general. "They have undertaken to determine for the people of the state what the decisions of the Supreme court ought to be in the said class of cases (prohibition), have decided that in such cases, section 2 of article 1 of the constitution ought to be disregarded, and, to cause this court to decide such cases in accordance with their unconstitutional, unlawful, and

arbitrary views, they seek to intimidate the court into obedience to them by means of the false and contemptuous article complained of and, that failing, to cause such obedience, they intend, as shown by said article itself and as averred herein, to further intimidate said judges by threatened and actual political action against them at the elections."

**Court Halted League's Program.**  
The Anti-Saloon league has had things much its own way in Indiana for many years. It has frightened legislators and the lower courts. It has passed, finally, the Wright law, and had the jails pretty well filled with alleged violators of prohibition when the Supreme court stepped in and put a crimp in the program.

Then the league started out after the Supreme court, beginning in 1924 and increasing in ardor and recklessness until the attorney general cited the dry leaders for contempt in this case.

Free speech is not involved, the attorney general states, as the constitution, while guaranteeing the right of free speech, also holds persons responsible for its abuse. The action is similar to libel and deals only with the malice or the truth of the statements complained of.

**Articles Complained Of.**  
The specific statements which the league will answer are contained in the last annual report of the organization, put out in pamphlet form and also published in the American issue. Hundreds of appeals were taken in prohibition cases to the Supreme court, and it was these decisions which called forth the unfavorable comment of the Anti-Saloon league publications. An example of this is the following statement published in the league report:

"This court (supreme) in the calendar case from Elkhart and more particularly in the Flum case from Marion county, and these reinforced by a number of later decisions, has held that no matter how guilty a person may be of violating the prohibition law, even though he might have as many as three stills in his home, and be engaged in manufacturing a white mule that is poisonous and deadly in its effects—should there be any mistakes in the search warrant—such a person must be turned free."

"We think such rulings, coupled with the splitting of judicial hairs in many cases coming before our Supreme court whereby substantial justice has been defeated repeatedly, have been,

to a great degree, responsible for the great increase in the appeals of criminal cases to our state's highest judiciary."

**Only Ordered New Trial.**  
The attorney general says of this criticism:

"A true report of the case of Flum vs. State, 192 Ind. 885, is that the Supreme court reversed the said case with instructions to grant a new trial because the lower court, over objections, admitted evidence gained in violation of Sec. 2 of article 1 of the state constitution, which guarantees to all security against unreasonable searches and seizures."

"This court held that the provisions in the bill of rights requiring particular description was not complied with and the warrant was void, the search illegal, and the evidence inadmissible. The judges of this court voted unanimously for the decision and could not have held otherwise without violating the constitution and their several oaths. The effect of the decision was

not to set the defendant free, but it granted him a new trial."

Had it not been for decisions like this, standing against unlawful search and seizure, traveling in Indiana would have been a humiliation and a danger, it is asserted by the attorney general.

## 2 Children, Grandmother Die in Long Island Fire

New York, June 7.—[Special.]—Two children, Mary and John Matola, 4 and 2, respectively, were burned to death and their grandmother, Mrs. Mary Ponzelli, died from the results of a fall when she attempted to save them today in a fire which started in the bedroom of a two-story frame house in the Jamaica bay section of Brooklyn.

## Set Alarms later now

Breakfast  
cooks in  
3 to 5  
minutes

**QUICK QUAKER**, hot and enticing, is faster than plain toast. For scores of thousands it is solving the breakfast problem.

The most delicious of breakfasts, it provides an excellent food "balance" of protein, carbohydrates and vitamins—plus the "bulk" to make laxatives less often needed—that authorities have made the dietetic urge of the world.

Less nourishing foods, less delicious foods, simply to save time are a folly. Start now every day with food that "stands by" you through the morning.

Your grocer has Quick Quaker—also Quaker Oats as you have always known them.

## OSTENSORIUM FOR EUCHARISTIC FETE HERE FROM ROME

Msgr. Dini Brings It with Pope's Blessing.

Accompanied from New York by the Rev. Msgr. William D. O'Brien, pastor of Old St. John's Basilica, the Rev. Msgr. Torquato Dini, rector of the College for the Propagation of the Faith, in Rome, reached Chicago last night. He is one of the first of hundreds of thousands of visitors for the twenty-eighth international Eucharistic congress.

Msgr. Dini brought with him the magnificent silver ostensorium, executed in Rome at the order of Cardinal Mundelein, which will be carried by Cardinal Bonzano, the papal legate, in the great procession at Mundelein on June 24, the final day of the gathering.

One of his last acts before leaving Rome was to pay his respects to Pope Pius, who blessed the ostensorium, which is ultimately to become the property of St. Mary of the Lake seminary, and was presented to congress officials by a Chicagoan, whose name has not been made public.

**Portugal Archbishop Coming.**  
The Most Rev. Emmanuel Vieira de Lages, archbishop of Braga and primate of Portugal, will be one of the visiting prelates to attend the congress, and will preside at the Portuguese section, it was announced yesterday at headquarters of the congress, 719 Cass street.

Accurate reproductions of some of the most sacred relics of Ireland will be on display in the Field museum for visitors to the congress, it was announced yesterday by officials of the museum. Included in the exhibit, which contains reproductions of shrines, reliquaries, and croziers dating back to the twelfth century, are four shrines to St. Patrick. Several other specimens of Irish art work prior to the twelfth century are also on display.

**MANY ARRIVE IN NEW YORK.**  
New York, June 7.—(Special.)—Three steamships arrived today from Europe, bringing distinguished prelates on their way to the Eucharistic congress in Chicago.

Among those who arrived on the Leviathan were Msgr. Henry Graham, auxiliary to the archbishop of Edinburgh; Msgr. Thomas Shine, coadjutor bishop of Middleboro, England; Canon Mitchell of the Leeds cathedral; the Rev. Patrick McHale, assistant to the director general of the Lazarist fathers; the Rev. Francis Bucys, professor of theology at the National University of Lithuania, and Archbishop Jurgis Matulevicius of Lithuania.

Further details of New York's welcome to John Cardinal Bonzano, papal legate to the Eucharistic congress, upon his arrival here on Friday aboard the Aquitania were announced today. Cardinal Hayes will go down the bay to greet Cardinal Bonzano and will take him and a number of the accompanying Vatican priests off the Cunarder at quarantine.

## Buy Food Early, Is Warning as Eucharistic Meet Nears

Anticipating 1,000,000 visitors in Chicago during the Eucharistic congress June 20-24, Chief of Police Collins took steps yesterday not only to look out for their safety and avoid the city's worst traffic jam but also issued a warning to food purveyors that there will be a big demand for eatables during that period.

In an order to captains the chief instructed the commanding officers to request all grocers, butchers, and other dealers in foodstuffs to urge their customers to buy advance supplies for the four days so deliveries will not be interfered with.

**Plan Traffic Scheme Today.**  
Tentative arrangements for handling traffic have been made and a definite program is to be worked out today by Chief Collins and his aids, those in charge of the Eucharistic event, and representatives of the transportation companies.

At 10 o'clock this morning the chief intends to hold a meeting with dealers in perishable foods to prevent a serious tieup in deliveries at the last minute.

This afternoon officials of the surface lines, bus company, and taxicab companies will meet in the chief's office to map out a program to prevent a complete traffic tieup in the loop and neighboring territory by arranging a system for operating cars, busses and cabs, and working out a plan for parking automobiles.

**Predict Tieup in Loop.**  
A restricted area bounded by Kinzie street on the north, the river on the west, and Harrison street on the south is the basis on which the traffic program is being worked out. This area will be limited to commercial traffic and no automobiles will be permitted in Grant park except those provided for official guests.

It is anticipated that the downtown section will be so congested by pedestrians that vehicular traffic must be reduced to the minimum.

## U.S. CHIEFS REACH BERLIN TO REVISE DAWES PAY PLAN

BY SIGRID SCHULTZ

(Chicago Tribune Press Service.)  
BERLIN, June 7.—The impending visit to Berlin of the undersecretary of the United States treasury, Maj. Garrard B. Winston, and Gov. Benjamin Strong of the federal reserve bank is interpreted here as the first step toward a preparatory conference for the revision of the Dawes plan.

Though the government says the question will not become acute until 1928, when the big cash payments come into effect, it is preparing for the

biggest economic investigation ever held in any country to gather data to describe Germany's economical and financial situation when the questions on the revision will be brought up.

Committee of 36.  
Through a special law the government has formed an investigation committee of thirty-six prominent economists of the country, who together with thirty-six leading men of industry and trade will be given extraordinary rights to investigate all the books and details of every plant and enterprise in Germany. The courts of the country dispose the same rights, but the government believes that only an extraordinary power will enable the committee to obtain the material they need to give a convincing picture of the exact status of Germany's industry.

The committee further will be invested with extraordinary dictatorial powers "over industries when they find unprofitable methods of production are being used."

It is expected this drastic general cleaning up of industries by the order of the state will meet with considerable opposition from the industries involved. Many already denounce the

plan as a mild copy of the soviet nationalization plan.

The committee includes such men as Secretary of State Trevelyan, former Minister Dernburg, Herr von Hoffding, August Mueller, Dr. Andreas Hermes, Herr von Rauer, chief of the farming association; Herr von Richthof, the industrialist; and Herr Lammer. They met for the first time in full conference today to work out the details of the program.

Industry and Handelszeitung, the former Hugo Stinnes organ, now closely allied with the German big industrialists, believes "the question of the revision of the Dawes plan has become acute, not because Germany asked for it; but because France and England hope that the revision of the Dawes plan will lead also to a revision of the terms of the inter-allied debts to United States."

At the same time the Industry Trade Paper adds that German industrial circles believe the annual German reparations payments will be reduced within "bearable limits," but that they will extend over a great number of years.

## ALIEN GUNMEN HIT BY MEASURE PASSED BY HOUSE

(Chicago Tribune Press Service.)

Washington, D. C., June 7.—(Special.)—Drastic amendment of the immigration laws, sponsored by Representative Holiday (Rep., Ill.) and recommended by the immigration committee as a valuable aid in facilitating the deportation of alien criminals, paupers and mental defectives, was approved by the house today without a record vote.

The opposition was led by Representative Sabath (Dem., Ill.) who insisted that in addition to being unnecessarily harsh on unfortunate aliens who may become public charges through no direct fault of their own,

the benefit of the Holiday bill to large cities seeking to rid themselves of alien gunmen had been much exaggerated.

Bill Goes to Senate.

The bill which now goes to the senate would extend the period in which aliens convicted of crime may be deported from five to ten years and makes an alien criminal deportable when sentenced to one year's imprisonment. It is designed to be particularly effective against alien gunmen, prohibition, and narcotic law violators, and while saboteurs. The bill also raises the time limit in which pauper or insane persons may be deported from five years to seven years.

Representative Sabath insisted that the only effective way to deal with alien gun toters is to provide for their deportation immediately after arrest for carrying concealed weapons without the necessity of securing court orders. This amendment was rejected by the immigration committee, Mr. Sabath asserted.

Berger Opposes Bill.

Representative Berger (Soc., Wis.), another opponent of the bill, got a

laugh from the floor when he admitted that "we don't want the criminals or idiots of any other country—we've got enough of our own."

Mr. Sabath, commenting on clauses which would allow the deportation of persons of constitutional psycho-inferiority, ventured the opinion that many members of the house could not successfully pass the tests to be applied.

ESCAPED CONVICT AWAITED HERE.  
George Abrams, who escaped yesterday from the county jail at Appleton, Wis., was reported to be en route here to visit a girl. He was awaiting trial for robbery.

## MARSHALL FIELD & COMPANY

### THE JUNIOR WORLD GETS READY FOR CAMP

At Camp Outfitting Headquarters  
For Boys and Girls, Junior Floor

A year of school equals a summer at camp, as any schoolboy can tell you—and what a scurrying about there is to get ready in the short time between the last day of one and the thrilling first day at the other! Consult our Camp Bureau, Junior Floor. As official headquarters for a great many camps, it has a wide experience in equipping boys and girls and knows camp (and other vacation) requirements thoroughly. Some of the most important are listed below. For others, write for the Camp Catalogue, now ready to mail.

#### FOR GIRLS

Bathrobes—\$4.75, \$5.25, and \$8.50.  
Bloomers—poplin, green, blue, brown, \$2.75; storm serge, \$5; sateen, \$1.75.  
Breeches—twillcord, khaki, white, tan, gray, \$5.50; corduroy, brown, gray, green, \$6; white linen, \$4.75, \$5.50.  
Coats—lumberjacks, \$6.95 to \$12.75; leather, \$17.50; sleeveless corduroy, green, brown, gray, \$4; flannel, \$6.  
Riding Habits—tweed, twill, at \$35 up.  
Knickers—corduroy, \$4; khaki, \$2.25; gabardine, white, tan, khaki, \$4; tweed, \$2.95 to \$5.75; linen, \$2.95.  
Middies—khaki, \$1.50; jean, \$1.50 to \$2.25; poplin, blue, green, brown, \$2.75; blue, \$2; collarless, at \$1.50.  
Ponchos—raincoat or blanket, \$4.50, \$6.  
Raincoats—red, jade, blue, \$6 and \$8.  
Shirts—tan, white, \$2.50; pongette, white, tan, \$2.50; boyish shirt, \$2.95.  
Swimming Togs—one-piece, \$5.50 up.  
Track Suits—white jean shorts, \$1.75.  
Hats—every outdoor type, 95c to \$3.75.

#### FOR BOYS

Khaki Suits—\$2.45, \$2.95; 2-piece with shorts, at \$3; with knickers, at \$3.50.  
Khaki longs—\$2.25; plus fours, \$2.25.  
Khaki shirts—\$2.25; khaki wool, \$3.75.  
Khaki blouses—\$1.35; wool, at \$2.45.  
Jackets—leath., \$13.50; corduroy, \$6.75.  
Lumberjacks—\$5.50; Robes, at \$5.50.  
Bathing Suits—plain with stripes, \$5.50.

#### CAMP ACCESSORIES

Scout Axe—sheathed to hang on, \$1.65.

JUNIOR FLOOR, THE FOURTH

# What Made Ivanhoe?

**F**ORESIGHT was the fundamental reason for the great success of Ivanhoe—our super-development on the Illinois Central Railroad. "Foresight"—realization, years ago, of the need for electrified, high-speed transportation from the South Side to the Loop—was responsible for the I. C.'s great engineering feat, now nearing completion. This feat compares with the Pennsylvania Railroad's electrification of the Long Island R. R., an improvement that sent Long Island (N. Y.) property values "sky high."

"Foresight" caused us to plan the wonder city of Ivanhoe, 30 minutes from the Loop by Electrified I. C. It was the guiding factor which influenced us to endow Ivanhoe with all improvements, so that city dwellers would be able to enjoy all the comforts and conveniences to which they were accustomed.

"Foresight" brought thousands of investors, home seekers and builders to Ivanhoe. Their own eyes and good judgment turned "Foresight" to "Insight" and placed them among the fortunate ones who can safely look forward to ample rewards in big profits. Values have risen rapidly. Many early investors have already profited.

## This Advertisement

—a full page in the Chicago Tribune, appeared a year ago. It was especially designed to interest builders and those desiring to make an investment in business property. The apartment buildings, homes and business places now occupied in Ivanhoe prove the wisdom of those who purpose to benefit in profits by our advice—supported by ideal location, all improvements and I. C. electrification.

## Everybody with "Foresight" Will Welcome This New Opportunity!

- On the Electrified I. C. - 30 Minutes from the Loop  
**Public Announcement Coming Soon**

### AT IVANHOE

DURING THE PAST YEAR THESE IMPORTANT THINGS HAVE HAPPENED

#### A New City in One Year

Within one year a tract of about 500 acres has been converted, as if by magic, into a charming suburban community, with people already living in new homes and apartments.

#### Five Years Ahead of the Usual Subdivision

Ivanhoe has been fully improved. Everything has been done to make it attractive and to insure all comforts and city conveniences. Ivanhoe is indeed 5 years ahead of the usual subdivision.

#### Improvements Cost More Than \$1,000,000

The highest grade of improvements were installed. More than a million dollars have been expended to provide beauty, stability and permanence. Concrete streets, cement sidewalks, shade trees, ornamental street lights, water, sewer, gas, electricity, community parks and children's playgrounds are completed. (It is a fact that concrete paved streets always add 25% to 50% to property values.)

#### New Buildings Occupied

Many new and modern buildings have been built. There are bungalows, apartments, a 3-story store and office building, etc. Each week ground is broken for new buildings. Each week sees more people moving into Ivanhoe's new homes and apartments.

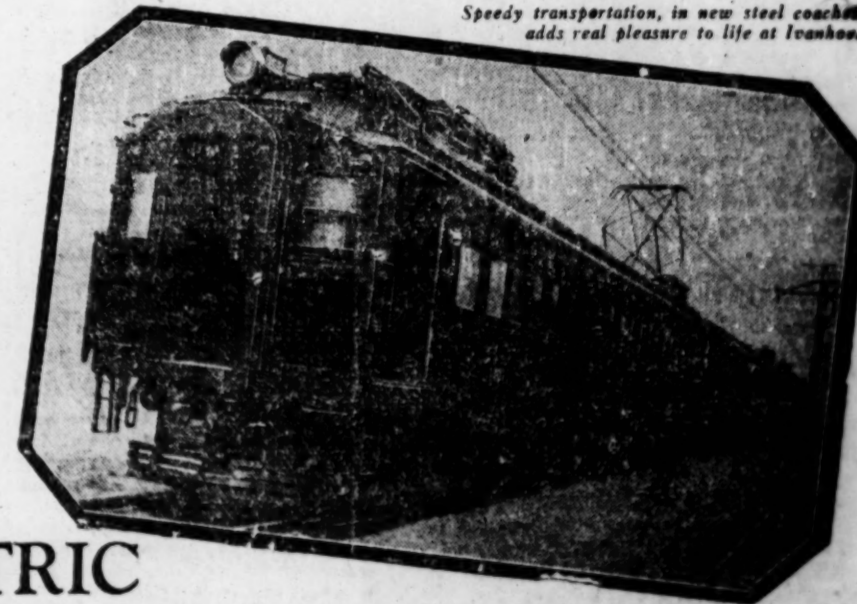

#### Big Population Predicted

A population of 30,000 by 1930 is predicted for Ivanhoe. There is every good reason for this prophecy. Ideal location on the world's finest transportation, only 30 minutes from the Loop, with complete improvements, all spell profits for both Present and Future.

Remember that I. C. Electric High Speed Trains Will Be in Operation Early Next Month!

Whether or not you obtained your share of Ivanhoe, you will be interested in our new development. It will equal—possibly surpass—our previous efforts. It will be fully improved. It is right on the I. C. and will be only 30 minutes from the Loop when the electric, high-speed trains start running—which is now only a matter of days! We are not quite ready to make public announcement of location, etc. Much work still remains to be done. However, we shall be glad to send to interested parties advance information about this, our newest project in up-to-the-minute suburban development. It will enable you to investigate before I. C. electric trains start. We suggest that you mail the coupon at once. Your request will not obligate you in any way.

**Electrification of Suburban Railway Service in Greater New York Caused Big Increases in Values—It Will Do the Same Right Here**

Speedy transportation, in new steel coaches, adds real pleasure to life at Ivanhoe.

**DON'T WAIT TILL ELECTRIC TRAINS START RUNNING—NOW IS THE TIME TO INVEST IF YOU WANT THE BIG PROFITS**

Get Advance Information About This New Opportunity by Mailing the Coupon

## HINDENBURG IN VORTEX OF FIGHT AGAINST PRINCES

BY SIGRID SCHULTZ.  
(Chicago Tribune Press Service.)

BERLIN, June 7.—Preliminaries in the battle for the millions of gold marks' worth of castles and estates, seized by the communists and socialists against the German princes, which will be decided in the referendum of June 20, began today. From all the princes in Germany, Catholic or Protestant, pastoral letters were read denouncing the referendum for the expropriation of German princely claims as a violation of the seventh commandment.

### May Publish Hindenburg Letter.

Unabashed, Baron von Loebell secured a personal letter in which his old friend, President von Hindenburg, expresses his disapproval of the expropriation. The baron made public the letter, which is taken by many to

be an anti-princely soap box oration.

### Fear National Crisis.

The nationalist papers have been threatening the German public not only with a cabinet crisis, but with a presidential crisis, should the referendum for the expropriation of princely estates be voted for by 20,000,000 voters, the minimum required to enforce it. The daily Rundschau, Foreign Minister Stresemann's paper, and others go so far as to say President von Hindenburg would rather resign than put his signature on a decree expropriating the princes' property.

The chief party bosses of the nationalists and Baron von Loebell, the president of the Federal Council of German Citizens, requested President von Hindenburg to issue a statement disapproving the referendum. The president replied, "For reasons of state and in view of the constitutional position of the president he could not comply with the request."

On the other side, the socialists and communists held schools today to train their agents for the last attack—thousands of anti-princely soap box orations.

Indicate President von Hindenburg will resign if the referendum goes against the princes. Vorwaerts, the leading socialist organ, appealed to the courts to prevent the nationalists from using the private correspondence of the first man of the country in a political issue.

"Our president has the full right to his own opinion, but we demand that the parties refrain from dragging him into a party fight unless he himself takes the initiative," Vorwaerts says.

"The parties have no right to exploit his private letters; therefore we demand that the courts protect the president of Germany."

"Ingratitude is threatening to undermine the foundations of the German state," the letter from Gen. von Hindenburg says.

"One of the mainstays of the state will collapse if this referendum is successful in its plan to expropriate the former royalties without compensation. I have consecrated my life service to the kings of Prussia and the former kaisers. I consider this referendum a great injustice. It shows a lack of sentiment for German traditions."

Montag Morgen asserts twenty-two German princes have raised a slush fund of \$2,500,000 for propaganda.

## SPAIN AND BRAZIL SULK AS LEAGUE COUNCIL MEETS

BY HENRY WALES.  
(Chicago Tribune Press Service.)

GENEVA, June 7.—The fortieth session of the council of the league of nations opened today under clouds of gloom.

Sulky over their failure to obtain permanent seats in the council at the extraordinary meeting in March which balked Germany's admission, Brazil was entirely absent from the green table this morning and Spain was represented by a beardless youth, a mere undersecretary of the Bernese legation.

Former Swedish Premier Uden, champion of the little peoples, also was absent, as the Swedish cabinet upheaval left him jobless, and the

Stockholm government was represented by an attaché from Bern. The corridors of the secretariat are seething with comment over Quinones de Leon's failure to appear—he left Paris for Madrid Sunday night—and Señor Palacios, Spanish minister to Switzerland, said he was unable to act as substitute as he formerly did, because he just had been appointed to a South American post and had to go to Paris to order haberdashery and shoes. Señor Quer Boals, sent from Bern to represent Madrid, maintained discreet silence during the short session.

### No Progress on Disarmament.

Senhor Mellofranco of Brazil, whose veto barred the Reich from joining, sent at the last minute a note saying illness prevented him from attending.

League leaders hinted that if Spain and Brazil did not show more interest they would be ignored in the proposed reorganization of the council when Germany is admitted in September.

Sir Austen Chamberlain thanked the council for the aid the league had given Great Britain in obtaining Turkey's assent to the Iraq treaty which gives the British control of the Mosul oil fields. Then the council adjourned until Wednesday to give the British

foreign secretary time to discuss the vexatious disarmament problems with Premier Briand of France. After twenty-two days of discussion on the reduction of armaments the conference has failed to achieve a single thing.

### Hints Brazil Will Withdraw.

RIO DE JANEIRO, June 7.—Globo published an inspired article today, stating that in view of the fact that the European nations are endeavoring to make the league of nations purely a European institution Brazil's disapprobation probably will take the form of immediate withdrawal from the league.

### Winn, Facing Gallows Friday, Is Granted Stay

John Walton Winn, who was to be hanged Friday for his participation in the murder of Albert (Grandpa) Nussbaum, was granted a stay of execution yesterday until July 9 by Judge Emanuel Eiler in the Criminal court. Attorney Eocco De Stefano, who was appointed by the court to defend Winn, told the judge that because of lack of funds he has not yet been able to prepare an appeal to the Supreme court.

Captivatingly original—  
this slipper of fish scale

If you're sighing for shoes that are out of the ordinary—and what smartly dressed woman isn't, this time of the year?—you might very well chance a visit to the Martin & Martin shops, to steal a glance at some of the beautiful shoes which have just come in.

This unusual slipper is one you will see. It is made of fish scale, inlaid across the dainty instep with multi-colored kid. Out of the ordinary? Yes, but that is just what you want.

## DOES YOUR MIRROR REFLECT—

—peach colored taffeta curtains, deeply ruffled and looped low over the window? a long, luxurious chaise longue covered in green damask and a host of pet pillows quilted in colored taffetas?

Are there crystal fixtures on the wall and chic little wax miniatures of Mrs. Siddons framed in maple? Is there a graceful stool and a pair of Directoire chairs? Is your dressing table gay and frivolous dressed in peach colored quilted taffeta and tied with rosettes of ribbon? And are there side lights with lace edged lamp shades and a quaint powder box and perfume and many personal little follies on the glass table top?

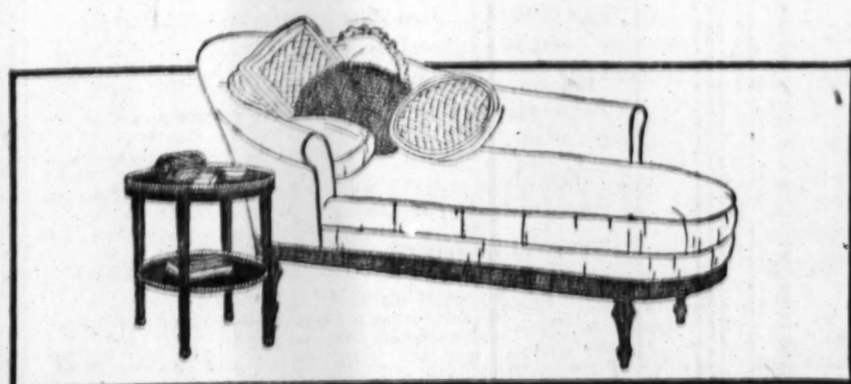

The dressing room is intimate and should express your own personality. Many individual and unusual pieces of furniture will be found in our collections. Our decorating division will plan with you all the details of your room.

### A Boudoir Group

No boudoir is complete without its chaise longue, covered in any one of a variety of rich plain fabrics to harmonize with the room's color scheme, and heaped with inviting multicolored pillows.

A little French satinwood Table brings to arm's length all the conveniences of indolent hours. It has a tiny metal railing around the edge, and a spacious shelf below.

## SWEAR IN FOUR JURORS TO TRY MARTIN DURKIN

134 Examined to Obtain First Panel.

BY GENEVIEVE FORBES HERRICK.

Four jurors, the first panel of the twelve men who are to try Martin James Durkin for the murder on Oct. 11, 1925, of Federal Agent Edwin C. Shanahan, were sworn in yesterday afternoon before Judge Harry B. Miller in the Criminal court.

One hundred and thirty-four veniremen had passed through the box in five and one-half days of questioning, so it was an agreeable surprise for everybody when the following quartet was found to be mutually agreeable to both state and defense.

Harry Holzer, 439 East 48th street, salesman of physio-therapy instruments.

Edward P. Robbins, 1032 Highland avenue, Oak Park, owner of a printing establishment.

Ovid B. Reichard, 6818 South Albany avenue, railroad yardmaster.

Emilio Del Rosso, 210 South Whipple street, foreman in the Hilton tailoring shops.

### San-in-Law Sentenced.

Reichard, who has been in the jury box since last Thursday, was the indirect victim of a murder tragedy, in 1922, when his daughter was killed by her husband while he was intoxicated. The husband entered a plea of guilty and was sentenced to twenty years in the Joliet penitentiary.

The fourth juror to be selected, Del Rosso, is Italian born, although a citizen of the United States for many years.

### Nationality No Drawback.

Mr. Del Rosso declared the question of nationality would swing him neither to the defense nor the state, and he was promptly accepted.

Irma Sullivan Durkin, Marty's bride from Cornell, Ill., didn't make good the promise she gave at the county jail Saturday that she would be in court to cheer her husband yesterday and every day thereafter.

Asked if he knew when Irma was to

## NEW TEST SUIT HERE MAY LEGALIZE EASY DIVORCES IN MEXICO

Returning from Sonora, Mexico, after a six weeks' study of divorce laws there, Attorney Lloyd A. Faxon yesterday announced that within a few days he would file a test suit which would open the way for Chicagoans to obtain separation decrees with a minimum of publicity and legal technicalities.

A wealthy business man, whose name was withheld, will proceed to Sonora, which is south of Arizona, and obtain a divorce upon which will be based the test suit, Attorney Faxon said. Mistakes made by Edward Bucken, Board of Trade operator, in obtaining his Mexican divorce, which caused Judge Joseph Sabath to declare the decree illegal, will be avoided in this instance, it was asserted.

The Sonora law requires observance of the laws in the state where the other party is resident. Notice of the divorce must be provided, and if a man is suing he must offer his wife passage money to Mexico. If she refuses to live with him there then he merely makes a sworn statement of the facts, pays 1,000 pesos (\$500) and is a free man.

put in appearance, Marty laughed and said: "Say, I didn't even know she'd finished her fishing trip. I don't know when she's coming, or if she is."

### SEEK TO IDENTIFY LOOT TAKEN BY POLICE-ROBBERS

More than a score of shopkeepers crowded the Shakespeare avenue police station yesterday in an effort to identify the huge pile of stolen merchandise recovered on Saturday by Capt. Patrick J. Harding upon the arrest of three policemen and two private watchmen on burglary charges.

One of the policemen, John Manion, assigned to the Jackson boulevard bridge, has admitted implication in the thefts. The others, Philip Lorenze and Walter Farrell, accused by several of the prisoners, deny all knowledge of the pilferings.

The watchmen accused are Howard Blair and Alden Baughman. Arrest of Blair's brother in the Blair home resulted in revealing operations of the gang, Capt. Harding said.

## TAFT ILL, BUT PHYSICIAN SAYS IT IS NOT SERIOUS

(Picture on back page.)

Washington, D. C., June 7.—(AP)—Chief Justice Taft is confined to his home here by illness which prevented him from presiding today over the closing session of the Supreme court. Dr. Thomas A. Clayton, a heart specialist, says the sixty-eight year old chief justice and former President is not seriously ill and that unless there are unexpected developments the chief justice will leave the last of this week or early next week for his summer home at Murray Bay, Canada.

### Put Blame on Overwork.

The physician and some friends of

the chief justice attributed his present condition to overwork in the effort to clear his desk before the court's summer recess.

While he has insisted on active work it is understood that the chief justice still feels the effect of an attack which he had at Murray Bay two years ago, which seriously incapacitated him for a while.

### Declines Night Functions.

After that attack Mr. Taft was placed upon a diet with a result that his weight was materially decreased. While participating in a number of public functions recently, among them the unveiling of the Brisson monument, he has declined most invitations which take him away from home at night.

Departing from that rule last week, Mr. Taft acted as a judge in the national oratorical contest and was obliged to climb a number of steps. This may have contributed to his present condition.

When the chief justice failed today to attend the session of the Supreme court it gave concern to his colleagues.

A golden bubbling new sensation that is different and delightfully refreshing—White Rock Ginger Ale. It's thirst-allaying mellow flavor lingers like the glamor of an old romance.

BOTTLED ONLY AT THE WHITE ROCK BREWERY, WAUKESHA, WISCONSIN

## Flag Day Celebration, June 14, in Lincoln Park

Flag day, June 14, will be celebrated in Chicago with a program at the band stand in Lincoln park. Mrs. James F. Dooley, president of the state division of the American Flag Day association, announced following a meeting of the society last night in the Great Northern hotel. B. J. C. grand, national president, will be the principal speaker here.

## Woman Named in Ford Divorce Asks \$50,000

Mrs. Estelle Gloor, 1430 Dearborn parkway, named recently as co-respondent in the divorce suit filed by Mrs. Selma Ford, 481 Meigs street, against Charles E. Ford, wealthy stockholder in the Hawthorne race track, yesterday filed suit for \$50,000 against Mrs. Ford. Through her attorney, Myer H. Gladstone, she declared that her reputation had been injured by Mrs. Ford's charges.

## See the Inland Empire

HEED the call of the Northland. The call of mountain, river, and lake. Fragrant orchards, and golden wheat fields. See the "shadowy St. Joe". Fish, hunt, hike, golf. The climate of this wonderful country will give you new vitality.

### See Spokane

It is named for the Spokane Tribes, or Sons of the Sun, and lives up to that name. The Inland Empire, rimmed in by mountains, knows no extremes. It is a land of sunshine.

An unusual city of beauty and adornment. The turbulent falls of the Spokane River in its very midst. More parks in proportion to population than any other city in the U. S.

A progressive city of prosperous industry, and wonderful schools, surrounded by a network of splendid highways.

Here is located one of the finest, most unique and most individual hotels in the world—The Davenport—pictured above.

The 2nd annual Indian Congress will be held at Spokane July 21-27, 1926.

State and Madison Streets—"the world's busiest corner."

# Now Let Electricity Polish Your Floors

## Quicker-Easier-and Better

## FINNELL

### ELECTRIC FLOOR MACHINE

*It Waxes - It Polishes - It Sands - It Scrubs*

The same power that sweeps your rugs, washes your clothes and heats your iron will now wax and polish your floors!

Polished floors enhance the beauty of everything in the home. But what a burden it is to maintain them with hand methods!

The FINNELL Electric Floor Machine will give your floors a polish you never dreamed possible, at a tremendous saving in effort and expense. It does all four things needed to have beautiful floors—it prepares the surface, it applies the wax, it polishes the floor and keeps it polished. You—or your maid—can polish the floor of the average room in ten minutes.

The FINNELL is always ready to go, never tired. Its rotating brushes fairly carry the machine along. In between rugs, around and under furniture goes the FINNELL. No need to turn the room topsy-turvy. A thousand bristles force the wax into the very fiber of the wood or

floor covering, instead of leaving it on the surface to smear or get slippery.

#### Beautifies and Preserves Linoleum, Rubber-tile, Cork, Etc.

Regular polishing with a FINNELL preserves the newness of linoleum, renews the resiliency, keeps the pattern fresh and the colors bright. Good linoleum will last twenty years if cared for in this way. The FINNELL will pay its cost in the added service it will give you from linoleum and similar floor coverings.

#### Scrubs and Refinishes, Too

A minute to change the brush, and the FINNELL is an electric scrubber. It scrubs wood, tile, concrete, terrazzo, floors of all kinds, cleaner than you can afford to scrub them by hand. On greasy garage floors, or in the basement or laundry, human strength cannot attain the results of a FINNELL. It applies just as much pressure to the last square foot as to the first—twenty-one pounds!

Refinishing is as easy for the FINNELL as polishing or scrubbing. The FINNELL will

remove the old varnish, sand the floor and make ready for a new coat of shellac, varnish or wax. The saving on one such job alone may pay the cost of your FINNELL.

#### Larger FINNELLS for Stores, Factories, Etc.

Thousands of office buildings, factories, hotels, mills, stores, public buildings, schools, etc., use the FINNELL in one of the larger models.

No matter what kind of building you have or the kind, condition or area of the floors, there is a right size and type of FINNELL to scrub floors cleaner or to polish floors better for less money than you now pay for hand methods.

#### Free Booklets

Send coupon today for your copy of interesting illustrated booklet, "Beautiful Floors—The Electric Way." Any dealer listed on this page will be glad to demonstrate the FINNELL in your home, without cost or obligation. Easy terms of payment can be arranged.

Business men interested in the larger FINNELL should check coupon for booklet, "Your Questions Answered by Users."

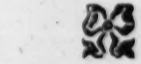

### WHO POLISHES THE FLOORS IN YOUR HOME?

**Note to Husbands!** Do you realize the drudgery that has gone into that beautifully polished floor you admire so much? Someone has had to *slave* for it. It may be you. If not, it is your wife—or else you have had to pay for it.

Why permit it longer? On the score of labor-saving alone, you should be interested in the FINNELL, the new electric servant for the home. Perhaps you have seen the FINNELL at work in your office or factory, or in some big hotel. Now you can carry scientific management into your home by installing a FINNELL.

More than a labor saver, it is a money-saver. The first cost of a FINNELL may be returned twice over on the first floor refinishing job it does for you.

**Note to Wives!** If your husband admires your housekeeping, especially your fine hardwood and linoleum floors, show him this message. We can help you prove to him that a FINNELL will pay for itself!

## 2 CHILDREN AND FIVE ADULTS DIE OF AUTO INJURIES

Seven Deaths Raise 1926 Toll to 333.

Two children and five adults died yesterday as a result of injuries received in automobile accidents. The Cook county motor death toll was raised to 334 for the year.

As she alighted from a street car driven by Hugh Gifford, 1538 West 70th street.

Killed by a Truck. Mrs. Tella Chiatene, 40 years old, 328 West 31st street, was fatally injured when she was struck at Lake street and Kedzie avenue by a truck driven by Donald Tierney, 1009 North Ridgeway avenue. She died in Lawndale Park hospital. Witnesses said Mrs. Chiatene stepped from behind a street car directly into the path of the truck. Tierney was not held.

Injuries Prove Fatal. Joseph Greenfield, 38 years old, 1302 Washburne avenue, died of injuries which he received May 28 when he was struck by an automobile at Roosevelt road and Throop street. John Jeenan, 1257 South Morgan street, was the driver of the automobile.

When his automobile struck a hole in the road and overturned while speeding, Charles Lettering, 58 years old, 10741 Forest avenue, received a fractured spine which caused his death. Two men who were with him in the automobile were held by police.

Boy Killed on Highway. Suddenly darting into the Dixie highway near his home, 6-year-old Leonard Owers, 182 Greenwood street, Blue Island, was fatally injured when he was struck by an automobile driven by Fred C. Schroeder, 667 Greenwood avenue, Blue Island.

Mrs. Tilla Bryer, 52 years old, 2447 North Talman avenue, was almost instantly killed when she was struck by an automobile while attempting to cross Fullerton avenue at North Talman avenue. Walter Luckow, 1904 Orchard avenue, driver of the automobile, was taken into custody.

Jacob Zimmer, 80 years old, 5255 South Marshfield avenue, who was struck by an automobile May 31, died in his home. Zimmer was walking in an alley and was knocked down by a

## FROZEN FISH MAY BE THAWED TO LIVE IN AQUARIUM

Investigation of the possibility of transporting Alaskan blackfish to the Shedd aquarium here by freezing them in solid blocks of ice and then bringing them to life by thawing is being made by Walter H. Chute, associate director of the institution, he announced yesterday.

The blackfish, the principal food of the natives living between the Yukon delta and the Kuskokwim river, is known to have tremendous vitality and is as lively as ever when thawed out after weeks in the ice.

While the fish are in such vast numbers as to permit native settlements to exist upon them, this species, according to Mr. Chute, is the sole representative of a family and order of fishes. The fish resembles the American pike or small pickerel.

car driven by Hugh Gifford, 1538 West 70th street.

Killed by a Truck. Mrs. Tella Chiatene, 40 years old, 328 West 31st street, was fatally injured when she was struck at Lake street and Kedzie avenue by a truck driven by Donald Tierney, 1009 North Ridgeway avenue. She died in Lawndale Park hospital. Witnesses said Mrs. Chiatene stepped from behind a street car directly into the path of the truck. Tierney was not held.

Injuries Prove Fatal. Joseph Greenfield, 38 years old, 1302 Washburne avenue, died of injuries which he received May 28 when he was struck by an automobile at Roosevelt road and Throop street. John Jeenan, 1257 South Morgan street, was the driver of the automobile.

When his automobile struck a hole in the road and overturned while speeding, Charles Lettering, 58 years old, 10741 Forest avenue, received a fractured spine which caused his death. Two men who were with him in the automobile were held by police.

## LEFT WIFE AT HER REQUEST, IS REPLY OF MORRIS

As his wife continued to improve in the Evanston hospital from her suicidal attempt Sunday, Charles S. Morris, former employee of Vice President Charles G. Dawes, issued a statement yesterday from his desk at the Central Trust company in which he said his separation from his wife was at her request, following a disappointment over a Minneapolis seed salesman.

Morris said his wife had been friendly with Carlton G. Bowden, salesman for Northrup, King & Co., seed merchants at Minneapolis, and that she had stated to him her intention of marrying Bowden when their divorce was granted. Because of this, Morris said, his wife, whom he married in France, told him he could take the

furniture from their Evanston apartment.

The husband's charge was indignantly denied by Bowden in Minneapolis, who contended that although knowing the couple for some time, he had only been a dinner guest at their home, and that Morris' charge was "a terrible mistake." He had not been in Chicago for two months, he said, and after his last visit he wrote them one letter in acknowledging their hospitality.

Morris had been present at practically every function where Bowden met his wife, the latter said, and any time he was not there there were plenty of others present.

Bowden recently came to Minneapolis from Salt Lake City, where he was traveling representative of his firm.

## Verdun Post Auxiliary Sold \$800 in Poppies

More than \$800, representing the sale of about 8,000 poppies, was raised by the Verdun post auxiliary of the American Legion in the recent Memorial day poppy sale, according to a checkup made last night at a meeting in the Palmer house.

SHOT WHILE EVADING ARREST. In trying to evade arrest John McLean, 4819 Glenwood avenue, was shot and wounded yesterday by Policemen J. F. O'Brien and August Groat of the Summerdale avenue station. He was being placed under arrest after four men pointed him out as being the owner of a stolen automobile.

## Train Runs Through Group of Workers; Two Injured

One man was probably fatally hurt and another lost the toes of both feet yesterday when a Chicago, Milwaukee and St. Paul passenger train ran through a group of track workers in the downtown yards. Antonio Frattin, 1630 Park avenue, suffered a probable skull fracture and may die. Michael Spercia, 1226 Frontier street, suffered the injuries to his feet. A line of cars shut off a view of the approaching train from the workers.

TO  
**COMMONWEALTH EDISON COMPANY**  
IN RECOGNITION OF ITS DISTINGUISHED CONTRIBUTION DURING THE YEAR NINETEEN HUNDRED TWENTY-FIVE TO THE DEVELOPMENT OF ELECTRIC LIGHT AND POWER FOR THE CONVENIENCE OF THE PUBLIC AND THE BENEFIT OF THE INDUSTRY

NEW YORK, N.Y., MAY 19, 1926

*Charles A. Coffin*  
SECRETARY

## Your Electric Company wins the Medal of Achievement

THE CHARLES A. COFFIN MEDAL, awarded annually for permanent development and progress in electrical service, is the most coveted honor open to the electric light and power companies of the United States.

At the 1926 National Convention of the Electrical Industry just completed, this award was made to the Commonwealth Edison Company of Chicago — your Electric Company.

Some of the reasons cited by the judges for bestowing this recognition on Chicago, and its great central station enterprise, were:

Electricity does more work per capita here than in any other large city in the world.

Ninety-four per cent of all the homes in the city use this modern servant.

The Company is constantly lightening the burden of Chicago home-makers by the

introduction of the newest electrical labor savers.

It is helping further to clear Chicago's skies through electrification of the railroads.

Commonwealth Edison Service, during 1925, was rated the best in the State by the Illinois State Commerce Commission.

And attention to safety has been so perfected that in a group of 2,000 employees daily engaged in controlling these mighty forces, not a single fatality occurred in 1925.

The award records achievement in the service of Chicago but there is no pause in progress. The Company is constantly adding to its service for your greater needs and has projected, and even now under construction, the largest generating station ever erected in the world.

## A. A. LINES UP AGAINST SPEED TRAP BANDITRY

### Condemns Present Law Enforcement Methods.

BY J. L. JENKINS.

Organized motorists backed the state of Illinois against the present law enforcement methods of the state highway department. The state highway department is being criticized for its present methods of law enforcement on the state highways. The highway department is being criticized for its present methods of law enforcement on the state highways. The highway department is being criticized for its present methods of law enforcement on the state highways.

50,000 automobile owners in Illinois, is one of the largest units of the big national body.

**Speed Trap Elimination.**

In connection with the anti-speed trap resolution, local officials pointed out that Illinois has already provided law enforcement in villages and small towns of the state by a law giving the Illinois state highway department authority to regulate speed and traffic on all state highways running through towns.

The law further provides that the department may erect warning signs

to show the uniform speed limits for the benefit of motorists. This law is understood to carry with it the power to place state highway patrolmen on the roads through towns and villages to enforce regulations and thus automatically to eliminate speed traps and the arbitrary rule of non-stable and justices of the peace who derive their salary from fine fees.

As it is in Oregon.

Oregon delegates told the convention that their state has effectively stopped legalized banditry on the open roads and in towns by a law which turns all sums derived from vehicle

violation fines into the state treasury. Without arrest fees, the village authorities cannot pay for local officers and the state must provide a proper patrol. It is believed that the powerful motorist organization will demand an immediate application of the law in Illinois and turn all highway traffic regulation over to the state highway department.

While the evils of highway policing were being discussed the citizens of

Du Page county were furthering their plans for a 200 foot highway, one of several projects hoped for in the near future.

The proposed immediate road is to connect Aurora with 79th street. It is to be 200 feet in width and equipped with the last word in highway facilities.

Supervisors, engineers, and property owners met in Downers Grove to push the project.

## If Your Property Requires Continuous Attention—

YOU may be away much of the time. And on the eve of each trip it is necessary for you to check over your security holdings, your obligations, and a hundred details in order that important matters may not be neglected.

Safe keeping for your valuables is not enough—your affairs need constant, intelligent attention and an instant response when you telephone or telegraph instructions.

Before making your next trip, why not inform yourself about a plan which places the management of your property in thoroughly competent and responsible hands for as long as you wish—provides unremitting attention, cares for the collection of your dividends, rents, and interest, assures sound action upon securities and other property in the event of market changes or instructions from you, meets your current obligations promptly and accurately, safeguards your valuables, protects all your interests, and makes your income available immediately wherever you may be.

Whether you must be away much of the time or other interests prevent you from giving your property the seasoned management it requires, there is a plan which exactly suits your needs—Plan No. 7 fully explained in our new 32-page booklet, "Seven Ways to Protect Your Family and Property." Copy on request by mail or at the Bank.

## For Big Profits and Quick Returns— BUY GREATER CHICAGO

Acres today—city lots tomorrow

Priced at **\$350** Per Acre

Terms: \$10 a month

This land is located near stations, on rapid transit; near schools, stores and churches and right in the path of Chicago's greatest future development. You can make big money by purchasing these acres today that can be subdivided into city lots tomorrow. Such land should pay you big profits on every foot you buy and in this way you can profit by the tremendous growth of Chicago.

All titles guaranteed by the Chicago Title and Trust Company

Every acre of this land will divide into eight city lots. You can live on this land now and pay for it with your rent money—or you can cultivate it and make money by raising fruits, poultry and vegetables. Later you should be able to cut up this land into city lots and each lot should then sell for as much as you now pay for a whole acre. In the last few years hundreds of our purchasers have made big money by the increasing values of their land, which was bought with a few dollars down, balance like rent.

A few years ago one of our customers bought five acres of such land for \$1,800 and recently refused \$12,000 for a lot one hundred feet wide off this land.

Another customer, who paid us \$1,850 for five acres of land a few years ago, sold a one hundred-foot piece off this land for \$8,000 and still has left over 4 1/2 acres.

Acres on the Northwest Side that we sold a few years ago for \$800 each are now selling for as much per lot as the purchasers originally paid for an acre.

We have hundreds of other such instances of profit-taking on our lands sold only a few years ago.

You can make similar profits—and you need only a few dollars to start with.

## PREDICT DEFEAT FOR WATERWAY FOES IN SENATE

See Little Hope of Successful Filibuster.

Washington, D. C., June 7.—[Special.]—Prompt approval by the senate commerce committee of the omnibus rivers and harbors bill, providing funds for the completion of the Illinois river waterway, was predicted today by Representative Madden [Rep., Ill.], W. E. Hull [Rep., Ill.], and other inland waterway enthusiasts in the house.

The measure, passed a few days ago by the house in spite of an unusually strong filibuster against the Illinois project, will be taken up by the senate committee on Thursday.

Only Two Oppose Bill.  
Polls of the members of the committee taken by some of the sponsors of the bill in the house, indicate, it was said today, that Senators Willis [Rep., Ohio] and Couzens [Rep., Mich.] will find themselves practically alone in opposing approval of the bill and it is entirely possible that an overwhelming majority of the committee may vote to send the bill to the senate floor in substantially its present form at once.

Senator Willis has announced his intention of blocking the bill in the committee as long as possible and when it finally comes to the floor, with the help of colleagues from the lake states, hopes to be able to organize a filibuster which will prevent its passage before adjournment.

Representative Madden declared he has no fears that if the bill can be brought out of the committee, it will be killed on the floor.

Hughes to Hear Evidence.

Another development in the lake level controversy between the state of Illinois, the Chicago sanitary district and the allied states of Wisconsin, Minnesota, Pennsylvania and Ohio was the appointment of Charles Evans Hughes, former secretary of state, by the United States Supreme court today, as a master in chancery to hear evidence on the petition of the four lake states for an injunction against the diversion of Lake Michigan water at Chicago and report his findings and recommendations to the court.

In another order entered during the day the court dismissed without prejudice the petition of the Chicago sanitary district for a consolidation of the separate suit for a restraining order brought by the state of Michigan with that of the other states.

## EVANSTON YOUTH HELD AS BURGLAR AFTER GIN SPREE

(Picture on back page.)

Clyde Clason, 22 year old college graduate, son of George Clason, head of the Clason Map company, 230 West Superior street, sat gloomily in his cell at Evanston police station facing a burglary charge and nursing a splitting headache last night as the aftermath of a Sunday night synthetic gin party.

Young Clason, after several hours of drinking, went hunting for a thrill and another drink. He tried to crawl through a window into the home of Charles H. Ozmun, 824 Sheridan road, Evanston.

There Clason was met by an automatic in the hands of young Kenneth Ozmun, who fired several shots and the youth slumped dazedly upon the

Ozmun front porch. He had escaped bullets, but was cut by glass.

Churchill Murray, son of the Rev. Walter B. Murray, 3746 Lake Park avenue, and a junior at the University of Chicago, was his companion in the drinking party, Clason said. When he arrived home after leaving Murray, Clason's sister, Louise, annoyed at her brother's conduct, went to the home of a friend.

"I got lonesome then, I guess," said

young Clason. "So I put on my tuxedo and started out to find another party."

Clason's father, who hurried back from Denver by airplane on hearing of the arrest, and Mr. Ozmun held a long conference last night. Although the young man has been booked for burglary, it was said that no bonds will be fixed until Wednesday. Meanwhile, he will remain in jail. His father hopes that Ozmun will consent to reduce the charge to disorderly conduct.

## NEW YORK DRY NAME CANDIDATE FOR U. S. SENATE

New York, June 7.—(AP)—Franklin D. Roosevelt, former state senator of New York, was named today as an independent Republican candidate for the United States senate in the election to be held in November. Roosevelt, 42, is the incumbent. The announcement of the offer of the nomination to Mr. Roosevelt was made by the New York State Republican party. Mr. Roosevelt said that he was not interested in the nomination, but he would accept it if it were made. He is a member of the New York State bar and has been a member of the New York State senate. He is a member of the New York State bar and has been a member of the New York State senate. He is a member of the New York State bar and has been a member of the New York State senate.

## DOCTOR FINDS CANCER KILLS 90 IN EVERY 100,000

Ninety persons out of every 100,000 in this country die annually from cancer, Dr. Francis Carter Wood, vice president of the American Society for the Control of Cancer, declared yesterday in an address before the Chicago branch of the society at the Union League club.

## One Dead, One May Die, After Fall of Four Stories

George H. Diegel, 8430 South Elizabeth street, an electrician, was killed yesterday and William Schieske, 1612 Clybourn avenue, a laborer, was probably fatally injured when they fell together from a scaffold on the fourth floor of a new Commonwealth Edison company building at 2209 Throop street. A support suddenly gave way and the scaffold collapsed.

## Marker to Be Put on Site of First Chicago Tavern

A temporary marker will be placed on the site of Chicago's first tavern, the tavern erected in 1829 by Mark Beaubien at the southeast corner of Market and Lake streets, by Kuskus, his chapter of the D. A. R., next Monday. When first erected this white frame building was the pride of the town. It was there when Chicago was incorporated as a town in 1837 that had dropped his lot in a nearby hall the first election of trustees was held.

## Flat Burglar in Flight Is Shot Twice by Janitor

Frightened away from the apartment of C. S. Butler, 325 Beiden avenue, Joseph Stone, 45, was followed and shot in the left arm and the right leg by George F. Ahrens, janitor of the building, last evening. Stone collapsed in the street from his wounds and was taken to the Bridewell hospital. He had dropped his loot in a nearby hall.

## FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda, hereafter take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

## Better Than Soda

For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of

bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

## Try a 25c Bottle

Insist upon "Phillips." Twenty-five cent and fifty cent bottles, any drug store.

## M. E. MINISTERS OPPOSE ANY VOTE ON DRY PROBLEM

Urge Citizens Not to Sign  
Beer Petition.

BY THE REV. W. B. NORTON.

Refuse to sign the petition in favor of the beer and wine referendum now proposed in Illinois. Refuse to vote on the referendum if it succeeds in getting on the ballot.

This was the ultimatum ordered sent to "all self-respecting citizens" by resolutions of the Methodist ministers' meeting held yesterday at the Charles Macaulay Stuart chapel of the Garrett Biblical Institute, Evanston. The meeting was a part of commencement week of the institute. Bishop Frederick B. Flaher made the principal address, which preceded a luncheon.

### Given as United Voice.

The report on the referendum was presented by the public policy committee and was read by its chairman, Dr. Kirk W. Robbins, pastor of the Henry church, Evanston.

"This report," said Dr. Robbins, "is given as the result of consultation with the various temperance societies, such as the Anti-Saloon league and the Woman's Christian Temperance union, and with representatives of the various ministers' associations of Chicago, and therefore is given not simply as the utterance of our Methodist ministers but the united voice of the majority of those who oppose the breakdown of the eighteenth amendment and the Volstead act."

### Take Shot at Brennan.

The statement of George E. Brennan, candidate for the United States senate, that "prayer should be offered in every home to save the country from the Volstead law," is nothing short of blasphemy. The entire effort is to throw dust in the eyes of the people so they will be diverted from attention to the only real issue of electing candidates pledged to the dry cause.

Dr. Robbins urged all preachers to take as their text the statement made by the United States senate subcommittee, who after the hearing on the wet and dry situation said: "We believe this eighteenth amendment to be morally right and economically wise. It is the duty of all officers, legislative and judicial, to aid in its enforcement," etc.

### One Objection Made.

One statement in the report was questioned by the Rev. J. H. Williams, pastor of Bethel church, Chicago. It read: "We cannot look with favor on a method which invites defeated and disgruntled minorities to foist questions on the ballot. We ought not to assume the drys are in a majority in Illinois," he said. The ministers then voted approval of the report but suggested the report be condensed before being sent out and changes made where objection had been made.

## YELLOWLEY TO FACE ALCOHOL CONTEMPT SUIT

Attorney Timothy Fell yesterday served notice on United States District Attorney Edwin A. Olson that he will today seek citation of Prohibition Administrator E. C. Yellowley for contempt of court because the latter's revocation of the alcohol permit of the Cragin Products company, 1823 Laramie street.

The establishment had been operating under injunction issued by Federal Judge Cliffe restraining the prohibition department from interfering with the lawful business of the company pending hearing and decisions on application for permits.

The Cragin company is a corporation headed by Earl Morris and has been engaged in the manufacture and denaturing of industrial alcohol.

## WINERY IN P. O. IS U. S. TO BE FOUND GUILTY?

### Raid Uncovers Booze at Substation.

Volstead precedents galore are expected to be the outcome of the seizure yesterday of a fully equipped winery in the basement of the Pilsen postal substation at 1507-09 West 18th street.

Lawyers who study booze technicalities studied the predicament confronted by Assistant District Attorney Mary D. Bailey in maintaining a consistent attitude in her program of seeking injunctions closing all premises where 18th amendment contraband is found.

### Is Uncle Sam Guilty?

Prohibition Administrator Yellowley, who caused the raid, also faces the delicate problem of deciding whether or not he'll try to prove that Postmaster Lueder, or Uncle Sam, or Postmaster General New, or somebody, is technically a bootlegger because of responsibility for the management of the property.

In the raid, in which department of justice operatives joined with prohibition agents, 25 barrels of wine and seven barrels of beer were found, and Anton Novak, who was in charge of the basement, was arrested.

### Padlock Is Customary.

The Pilsen substation is a typical outlying one-story postoffice structure, built especially for the purpose, under government specifications. Mail wagons and wine and beer trucks were obliged to share a common loading yard at all times of the day and night—a circumstance said to puzzle government operatives in their investigation of the claims of ignorance of bootlegging activities made by postal authorities.

If current practice is followed the postoffice will be padlocked and efforts will be made to sell the premises at public auction under the old revenue law of 1857.

## For Smartness

MISS ROSETTA KAUFMAN

"There's nothing like Black and White Rouge for giving just the right touch of color the mode demands," says chic Miss Rosetta Kaufman, 546 Lafayette Avenue, Brooklyn, New York. "This exquisitely textured rouge doesn't need to be ground in so it roughens or irritates my skin. A pat of the puff, with a smoothing around the edges, makes the color blend with the tones of my skin and look perfectly smooth and natural."

Black and White Rouge, and the Lipstick and Eyebrow Pencil, too, can be gotten in dainty, gold-dipped tins for 25c, from more than 80,000 dealers in the country and city alike.

If your dealer doesn't have Black and White Rouge, send his name to Plough, Memphis, Tenn., and you will receive FREE a copy of the Birthday and Dream Book, containing many interesting facts on beauty, dreams and fortune telling.

# Continued Leadership In the World's Greatest Market

THE value of The Sun as a medium for building sales in the great New York market is indicated by the pronounced and continued preference which advertisers show for The Sun.

For eleven consecutive months The Sun has published more advertising and has made larger gains in advertising than any other New York evening newspaper.

In May advertisers used 1,379,052 agate lines in The Sun. This was 78,770 more than the volume placed in the second New York evening newspaper.

The Sun's gain in advertising, comparing May of this year with May of last year, was larger than the combined gains of all the other New York evening newspapers.

This record is all the more significant because of the strict censorship which The Sun maintains on all advertising.

ADVERTISING in The Sun is equally productive for manufacturers who sell their products through local retailers and for New York merchants who draw customers from all parts of the New York market into their individual stores.

Both National Advertisers and the Manhattan Department Stores have for years used more space in The Sun than in any other New York evening newspaper.

The reason for the unusual productivity of The Sun's advertising columns is found in the kind of people who read The Sun.

THE SUN'S large circulation is concentrated among intelligent people of moderate or more than moderate means—people who have money enough to buy not only the necessities of life but also the comforts and pleasures of life—people to whom quality and service and style are more important considerations than price—people who constitute the most profitable market for advertised products of good quality.

The Sun is a home newspaper. It enables advertisers to reach all members of the family six days a week. It is an effective medium for selling everything from automobiles and radio sets to laundry soaps and lingerie.

Eighty-two per cent. of The Sun's circulation is distributed after 3:00 o'clock in the afternoon, when New Yorkers begin to go home with their newspapers, and 97% of its readers live in the New York city and suburban trading area.

EVERY department of news is presented to readers of The Sun by writers who are without peers in their respective fields. Its pages are entertaining as well as informative, and there is nothing of manufactured sensationalism in them.

The Sun has long had an enviable reputation for the literary qualities of its news articles, the fairness of its editorials, and the completeness of its sporting news, financial news, society news and the many other divisions of a modern newspaper.

THE SUN'S large, responsive circulation is a growing circulation. During the six months ended March 31, 1926, The Sun had a daily net paid circulation of 257,067. This represents an average increase of 11,593 copies a day over the corresponding period of 1925.

"THE AMERICAN WEEKLY" IS THE MOST WIDELY CIRCULATED MAGAZINE IN THE WORLD

"I have  
\$100,000  
to  
spend

... and every cent  
of it must produce!"

WHEN a certain manufacturing corporation of moderate size decided to go into national advertising, the president called in his advertising agent and put the proposition up to him.

"The appropriation for this first year is \$100,000," he said. "What do you advise doing with it?"

"I'd put it into a campaign in *The American Weekly*," the other told him.

"*The American Weekly*? Tell me more about it."

The agent laughed. "You've read it hundreds of times without knowing it," he said. "It's the Sunday magazine section of the fourteen Hearst newspapers. It's a real magazine, printed in newspaper form, with feature and news articles, fashion hints, household department, and everything a magazine ought to have. It's the biggest magazine in the world, moreover—5,000,000 copies every week!"

The president opened his eyes. "That's circulation," he admitted.

"But only a beginning," the other added, "Those 5,000,000 copies represent 5,000,000 families, aggregating 21,900,000 men, women and children—almost one-fifth the total population of the United States! Think of that for a market!"

"That may be," said the president, "but are they the sort of people who will buy?"

"Buy?" repeated the other. "Buy? Do you realize that three-fourths of the money in this country today is concentrated right in these fourteen areas where the standard of living is the highest in the world? Of course they buy! They make good money, and they spend it."

"All of which leads me to suspect that *The American Weekly* must be a very costly publication in which to advertise," the president objected.

"If they offer so much, they probably want a lot for it."

"On the contrary," the other answered, "it's the most economical publication for the advertiser that I know of. When you consider its tremendous circulation, you'll realize how low these rates are: \$8.00 per line, \$1.69 milline; a black-and-white page will cost you \$14,500, a color page (inside) costs \$15,000, and the back cover in color is \$16,000. For 5,000,000 circulation, that's dirt-cheap!"

"And you want to remember," he pursued, "that *The American Weekly* is the only national medium in which you can take a full newspaper-size page in color. Have you ever heard the saying, 'if you want to see the color of their money—use color'? It's absolutely true. I'm advising you to use color pages in this campaign."

"What's more, when your advertising is running, and the

*The American Weekly* has its peak circulation where the buying-power is—in the fourteen American cities having one-fifth of the total manufactures, three-fourths of the total bank clearings, one-third of the urban population of the United States.

returns begin to roll in, this great urban market will permit you to cash in quickly and efficiently, because it requires no unwieldy organization to reach and serve it. The city market is always the one where you get the best and easiest distribution of your product.

"That's why I recommend *The American Weekly*. From all sides and from every angle—no matter how you look at it—it's the greatest advertising medium in the world!"

Write today for specific data on the world's most widely distributed magazine. A. J. Kobler, President.

## HOUSE FIGHT ON BRANCH BANKS IS OPENED BY HULL

Sees Defeat of McFadden  
Bill Unless Modified.

[Chicago Tribune Press Service.]  
Washington, D. C., June 7.—[Special.]—Complete elimination of the independent banking systems would be threatened by the extension of branch banking if congress should enact the McFadden banking bill in the form in which it was passed by the senate, Representative Morton D. Hull (Rep., Ill.), asserted in a statement tonight. Representative Hull declared that the house will not recede from its position in advocacy of anti-branch bank provisions which were eliminated, and that unless senate conferees modify their position the legislation may fail. Mr. Hull was the author of the so-called Hull anti-branch bank amendments which were stricken out by the senate and as a result of which senate and house conferees are deadlocked.

"The senate amendments to the McFadden banking bill have apparently made impossible the passage of the measure at this session," said Representative Hull. "The house, in the

opinion of many, will not recede from its position on the branch bank question. The McFadden bill, as passed by the house, was in strict accord with an unanimous resolution of the American Bankers' association, adopted in 1924. The changes made by the senate invite the further extension of branch banking, not alone in the sections where the practice is today established, but of greater importance, the senate amendments virtually guarantee that branch banking will soon creep into states which do not now permit this form of banking.

"A very unfortunate situation has developed here during the last few

weeks. Hundreds, possibly thousands of bankers, have listened to and believe the propaganda of the branch banking advocates that support must be given the senate version or no legislation will result. Bankers apparently little realize that the passage of the senate bill will ultimately result in the complete elimination of America's independent banking system.

"If those who are generally interested in getting this legislation enacted by the present congress would realize that the temper of the house is anti-branch bank their influence might modify the attitude of the senate and make possible the passage of the bill."

# Every Load of Chicago Solvay Coke BOUGHT in JUNE Means Low Cost Heat Next Winter

This is the season of lowest prices. Every day you can see trucks hauling Chicago Solvay Coke from the yards of our three hundred established dealers to the basements of home owners—perhaps to neighbors of yours. Those who buy now will have even, comfortable heat next winter—without smoke, soot or many ashes—at the lowest possible cost. Fill your bin now. Don't burn money next winter that others will have for other uses.

The fuel bin filled with Chicago Solvay Coke now is the one that saves money for its owner. The producer and the dealer must advance the price from time to time to cover the cost of storage and re-handling. It's a simple question of whether you let your own bin stand idle

and pay a monthly storage charge on the fuel you must have next winter, or fill your bin now and get a return from an otherwise idle basement.

Order now and be sure of getting Chicago Solvay Coke. No other fuel has had the rapidly expanding demand that has come in recent years for Chicago Solvay Coke, the Dependable Home Fuel. Buy it now, in the season of plenty. Any one of the three hundred established fuel dealers who sell Chicago Solvay Coke will arrange for a service man—skilled in the use of fuel for home heating plants—to call and help you insure yourself more economical as well as more satisfactory heat for your home. Phone your dealer, today, or call us direct—Harrison 3580.

Save the money other men burn!

## "Tribune Want Ads Get Me in Touch with People Who Really Mean Business"

Tribune Want Ads hold the attention of interested prospects in all parts of the nation. Think of the service rendered for thousands each day through this great advertising medium. Mr. Albert E. Snow, San Benito, Texas, is a consistent Tribune Want Ad advertiser. One of his ads of recent date ran as follows:

FOR SALE—28 AC. IRRIGATED RIO Grande Valley citrus land, will be 4 mi. payment, when value will increase, same latitude Miami Fla., bare, \$150 ac. Investment. ALBERT SNOW, San Benito, Tex.

"I consider advertising in your paper very satisfactory. In fact, I advertise in all prominent papers in the United States, and advertisements in your paper bring me more replies than any of the other papers I advertise in. They get me in touch with a class of people who really mean business," quotes Mr. Snow.

## U. S. WILL SEEK NEAR WEST SIDE POSTOFFICE SITE

Madden Urges Immediate  
Action on Location.

(Chicago Tribune Press Service.)  
Washington, D. C., June 7.—[Special.]—Advertisements soliciting offers of sites for the new Chicago postoffice are in course of preparation in the treasury department and will be posted as soon as a suitable site can be acquired for less than \$4,000,000, which toward the purchase price, has been approved by congress.

Treasury officials are confident, it is said, that a suitable site can be acquired for less than \$4,000,000, which toward the purchase price, has been approved by congress.

Preference for Near West Side.  
The advertisements, it was learned today by Representative Britten (Rep., Ill.), will indicate a preference for sites at the near west side. They will specify an area which will include not only the two blocks between the Union station and the Chicago and North-western station, recommended by Mayor Dever's postoffice committee, but also the more recently suggested location—the one block bounded by Van Buren, Harrison, Canal, and Clinton streets.

This development, according to Representative Madden (Rep., Ill.), chairman of the house appropriations committee, whose influence was largely responsible for the inclusion of the Chicago project in the recently authorized \$100,000,000 federal building program, makes imperative an immediate agreement between responsible city authorities and leading civic organizations on a site if the present advantage is not to be lost.

Can Hasten Completion.  
Completion of the new postoffice can be hastened by two or three years if the various interests in Chicago will quickly agree on a site which can be purchased for approximately \$2,975,000, asserted Mr. Madden. If the \$2,975,000 is used as a complete purchase price it will be possible to secure the maximum amount for the building itself in the 1927 appropriation bill next winter.

## ENLIST SCHOOL KIDS IN WAR ON SKEETER PEST

More than 75,000 school children in the suburban towns surrounding Chicago will take an active part in the annual fight against the mosquito, it was announced yesterday by the Gorge Memorial institute, which in conjunction with the sanitary district of Chicago, makes an annual drive against the pests which breed in the rivers and pools in the county.

More than \$50,000 has been appropriated by the drainage board to clean up the Skokie valley and the country lying in the Des Plaines river valley. Beginning today this week will be known as mosquito week and every man, woman, and child is urged by President Lawrence F. King of the sanitary district to help the squads of official fighters put down the pests.

A forty page booklet, written by

## One Thin Woman Gained 10 Pounds In 20 Days

Skinny Men Can  
Do the Same

All weak men and women. All nervous men and women. All skinny men and women. Can grow stronger, healthier and more vigorous and take on solid needed flesh in 30 days just by taking McCoy's Cod Liver Oil Compound Tablets four times a day—as easy to take as candy.

And what a hit these flesh producing tablets have made. One druggist tripled his sales in one week.

Everybody knows that nasty-tasting, evil-smelling Cod Liver Oil is a wonderful vitalizer, flesh producer and health creator. But who wants to swallow the horrible stuff, when these wonderful tablets—McCoy's Cod Liver Oil Compound Tablets—are just as good and so easy to take?

A box of 60 tablets for 60 cents, and if any skinny man or woman doesn't gain at least 5 pounds in 30 days—money back. Ask Owl Drug Co. or any druggist.

Be sure and get McCoy's, the original and genuine, and don't forget there is nothing on earth so good to make backward, listless, underweight children grow strong and robust.

McCoy's Laboratory  
New York City

Arthur Stringer, associate director of the Gorge institute, and distributed by the drainage board, will be furnished the school children. The book contains ten lessons about mosquitoes—what they are, how they breed, and the damage and disease that comes from their existence.

Mosquitoes, according to the author, breed only in water and the stagnant pools around a house is an ideal spot for their propagation. School children are urged to see that roof gutters are not stopped up, not to leave cans of water in the garden, and remove stagnant pools of water anywhere if possible. If not a few drops of oil furnished upon request will help eliminate the trouble.

## House Passes Bill for Bridging of Fox River

Washington, D. C., June 7.—(AP)—A bill to authorize the bridging of Fox river in Dundee township, Illinois, was passed by the house today, and sent to the senate.

Leave the heat of the city. Go to cool Northern Michigan where summer comfort and health-building diversions await the entire family. Fishing, bathing, boating, golf, tennis, riding—enjoy them all in this land of rustic beauty. Save money, too, by taking advantage of our

# CUSTOM-BUILT —this rich, roomy, 5-passenger PIERCE-ARROW

\$2995  
at Buffalo—plus tax

at Buffalo—plus tax

—body by Pierce-Arrow

The first enclosed Pierce-Arrow  
at less than \$3000!

You have not seen a two-door, five-passenger body that compares with this one. It is built entirely by hand in the Pierce-Arrow factory—the custom-built work of men whose whole lifetimes have been devoted to producing the finest there is.

Only selected, seasoned materials of great strength and safety are used throughout its structure.

Only after every joint, every door and every sill has been approved as warp-proof and squeak-proof is the interior considered ready for its upholstery of soft-finish wool and the adding of appointments and fittings worthy of Pierce-Arrow.

Your choice of six charming color combinations.

The reasonable purchase price of the car is made even more attractive by a cost of operation that is unbelievably low. You get 14 to 17 miles per gallon of gasoline; you get 15,000

to 18,000 miles from the balloon-type tires, and you get years more service than you normally expect of a car. And, on the few occasions when you will require mechanical attention, Pierce-Arrow national Flat Rate Service will pleasantly astonish you by its low cost.

Pierce-Arrow built four-wheel brakes and Houdaille shock absorbers are standard equipment.

Behind your investment in this car stands The Pierce-Arrow Motor Car Company with its 25 years of admirable traditions and success.

You will want to see it and drive it, of course. And so we will be glad to have you either call in person or suggest to us when and where we may send a courteous attendant with one of these cars for your thorough examination and consideration.

All departments are easily accessible and our officers will give unhurried attention to your wants.

## A difficult choice for young people

To USE capital or to SPEND it

To most young people unearned money is a temptation. It affords so many pleasures and unlocks so many alluring opportunities.

Young people should be trained to handle capital by gradual control of it under responsible supervision. They must learn by experience to value its use and its worth; to distinguish it from income.

One of the most valuable features of trusteeship under will is the facility it affords for gradually turning over capital funds to young heirs unaccustomed to that responsibility.

In the first place, it protects the fund against undue spending or unwise investment. Then, it pro-

vides the seasoned financial discretion which the father, when living, would have exercised. He can arrange by will, in advance, to have his property turned over to each heir at such ages and in such amounts as he deems best for them himself or he can authorize the trustee to decide, when the time comes.

The financial training which a good trust company can give young heirs by accustoming them to the control of money will often fit them for successful careers later on. Much depends upon the wisdom of the testator in making suitable provisions; more depends upon the trustee in carrying them out.

A half hour spent in our Trust Department would show testators how flexible an instrument of control is modern trusteeship and how effectively it can be utilized in the hands of this company.

## In Any Home-furnishing Problem The Home Beautiful Service Gives Expert Advice

WHETHER your plans include the charm of the old or the most interesting new ideas, apt suggestions here will assist in carrying out the correct and appropriate furnishings for the home. There is no charge for this service.

Sixth Floor, North.

## Small Oriental Rugs, \$25 to \$57.50 Exceptional Interesting Pieces at These Prices

ONE may choose just the right type and motif to fit any color scheme or room atmosphere. This selling offers these rugs at a remarkable saving.

### Hamadans, \$25

Of heavy texture in a large variety of designs. 2½ x 4-foot size.

### Mosuls, \$37.50

Bright colors in a high finish. All-over designs. Size 3 x 5½ feet.

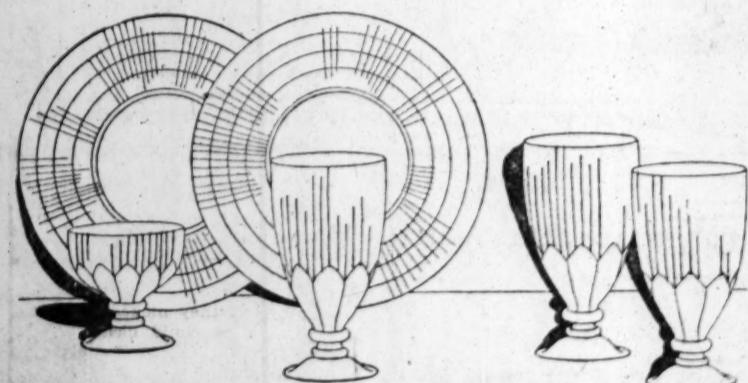

### Kurdistsans, \$47.50

Designs on old rose and blue. Rugs of very heavy quality. Size 3 x 6 feet.

### Lilihans, \$57.50

In the heavy, silky pile and typical designs. The 3½ x 6½-foot size.

Seventh Floor, North.

## Two Colors Add Greater Beauty to Glass Luncheon Sets, \$13

EIGHTEEN pieces in each set. Goblets and sherbet glasses have bowls in canary yellow footed in green, while the plates are green. Sketched. \$13 set.

### Iced Tea Sets in Glass, \$2.25

Cool and refreshing are the colors—spring green and amber—making these sets especially attractive. Jugs are quaint in shape. The set of eight pieces, \$2.25.

Fifth Floor, North.

## Yellow and Black Paint a Bright Allover Pattern on Semi-Porcelain

## Imported Breakfast Sets at \$5

CHARMING sets for the summer cottage, for the designs are typical of these quaint Dutch wares. The set of thirty-two pieces—a service for six—\$5.

### Other Breakfast Sets of Imported Semi-Porcelain, \$6 to \$11.75

Here a set of "old heather" Scotch ware. There a set from England in Blue Roger design. Others with Dresden-like flowers. Accordingly, \$6 to \$11.75.

Fifth Floor, North.

## Chinese Cane Furniture, \$11.50 to \$28.75

### Has the Grace of Line and Sturdy Construction Appropriate for the Sun-Room or Outdoor Porch

EXTREMELY comfortable as well as good-looking, such furniture as this imparts a "livable" atmosphere wherever it is used. And it is a type of furniture which ever gains higher place in the decorative plan.

### Couch Hammocks of the Better Kind Are Priced at \$56

Hammocks which are attractive in design—the sketch tells that. Seats and backs are upholstered in heavy duck in varied designs.

Stands for these swings are priced at \$14 additional. Note the sketch.

Seventh Floor, South.

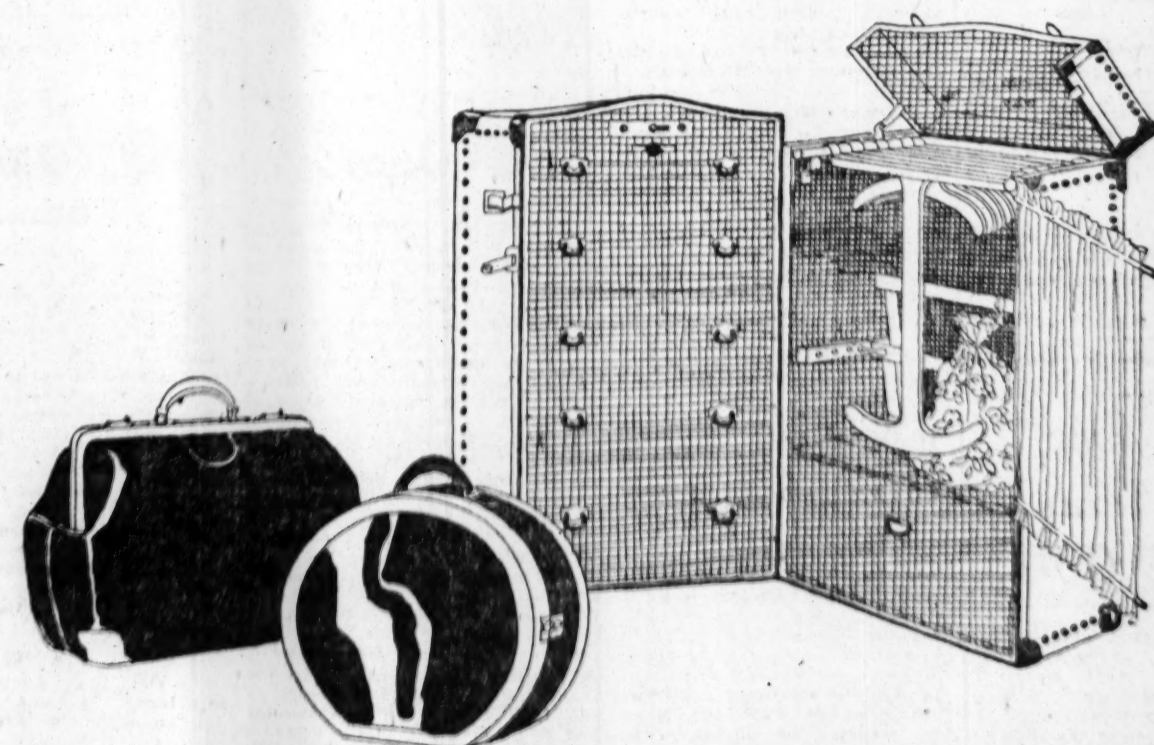

THE chair sketched at right, is \$12.50. The chair sketched at center, is \$15.75. The settee, sketched left, is \$28.75. Hour-glass tabourets are \$11.50. And other pieces are correspondingly moderate in price.

### Steel Beds for the Sleeping Porch Complete at \$25

Bungalow beds, so these have the sturdy construction which assures excellent service. Walnut finish with non-rustable springs.

A mattress filled with elastic cotton felt completes the bed at \$25. Sketched.

Seventh Floor, South.

## Smart-looking Vacation Luggage

### That Has the Practical Features Essential to Convenience

WHATEVER the vacation plans may be, here is luggage that contributes much to the comfort and pleasure of the journey by land or sea.

### Full-Size Wardrobe Trunks of Finer Construction, \$62.50

These very sturdy trunks are conveniently fitted with five trays, ten hangers, dust curtains and shoe box. Also dust and warp proof molding adds to their desirability.

### Men's Cowhide Bags Of Excellent Quality, \$18.50

These have the sturdy appearance that men approve. Frames are hand-sewed. In black or brown. 18-inch size. At left.

First Floor, Wabash Avenue Building.

IN this selling the pricing, low for luggage so distinctive, offers an opportunity for saving. And timely occurrence makes it doubly important in the way of economy.

At the end of the journey their commodious size makes them convenient to use as additional closet space. Sketched at right. Very moderately priced, \$62.50.

### Women's Black Enamelled Hat Boxes, \$8.75

Light in weight and commodious. They may carry many small articles and a hat. In black with brown or black bandings. Center.

## ORIENTAL ROOM

### Women's Pajama Suits Reduced in Price

IN one group are lovely new suits made in Japan and heavily embroidered with silk. The other group consists of interesting antique silk brocaded suits from China.

### At \$20

Crepe de Chine suits with rich silk embroidery. From Japan.

### At \$35

Pajama suits of old silk brocade, embroidered in Chinese colors.

Ninth Floor, North.

## These Are the Finer Styles—Presented in Floor Lamps At Very Special Prices \$15 to \$75

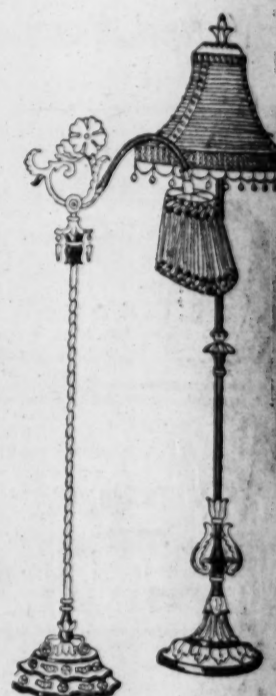

THESE lamps have a beauty which gives them place among better furnishings. This tells what unusual values they are.

### Bridge or Junior Lamps and a "Reading-Floor Lamp"

On these new lamps the shade may be raised or lowered by a heavy gold-color cord and weighted tassels.

Many other styles are included. According to kind, complete, \$15 to \$75.

Fifth Floor, North.

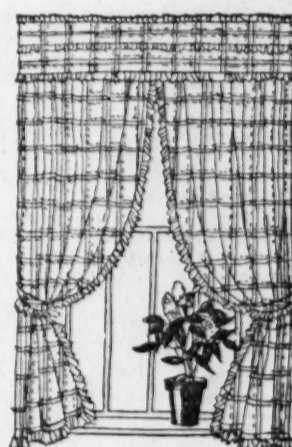

## Ruffled Grenadine Curtains \$2.25 Pair

As the summer season enters, these are the curtains to flutter in freshness at open windows.

Pleasing the patterns, too, in block design and many dots.

Loop bands included at \$2.25 pair. Valances to match \$1.10 each.

Sixth Floor, North.

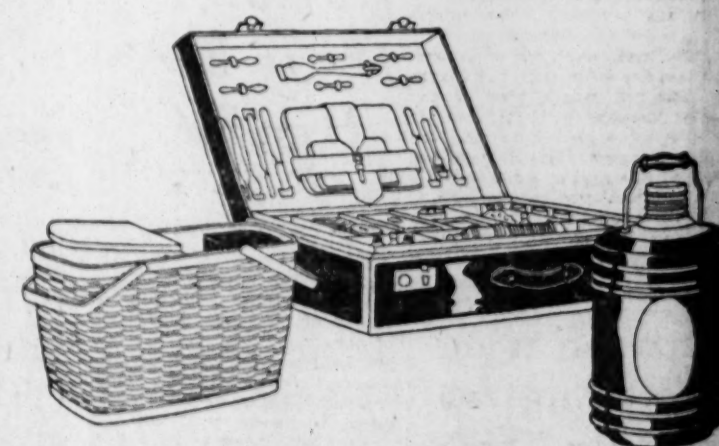

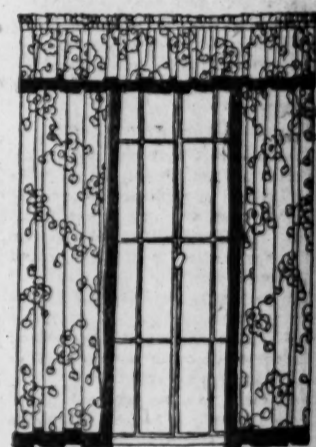

## Very Interesting Are Semi-glazed Chintzes, 75c

THE fabric of the hour for gay summer decorations!

Draperies, cushions, slipcovers all find ample choice. And the semi-glaze brings out the vivid colorings. Priced at 75c yard.

Sixth Floor, North.

## Tourist Kits Much Underpriced

OPPORTUNE, indeed, is this selling.

Compact, convenient outfits in wicker or leather cases. According to size, \$9.50 to \$150. Sketched.

### To Keep Food Hot or Cold, Gallon Jugs, \$2

At \$7.50 each—basket refrigerators of reed have metal lining. Removable ice compartment. Sketched.

Sixth Floor, South.

## Soft Fluffy Comforters

With Silkoline Coverings  
\$6.95 Each

CHILLY nights, and these comforters are most welcome!

The wide satin insert on the dainty silkoline covers makes them doubly attractive. The filling is of fine soft cotton.

Several of these at this price are good investment.

## EDWARDS' CURVES FOR RED SOX, 10 TO 5

### CUBS GET SCHREIBER AND STEPHENSON IN TRADE

#### SHANNON AND MUNSON GO TO INDIANAPOLIS

Brains Rained Out  
in New York.

(Chicago Tribune Press Service.)  
New York, June 7.—Manager Joe Mc-  
Carthy of the Cubs paused long  
enough in the business of figur-  
ing out ways and means of winning  
ball games today to add a much  
needed batting punch to his team.

After a conference with Presi-  
dent William Veeck of the Cubs  
McCarthy announced that he had  
traded Shannon and Munson to  
the Indianapolis club for a "bale of cash" along  
with a number of other players.

The deal was given by the  
Chicago club until after the  
game with Indianapolis had been  
completed. Shannon and Munson  
would leave for the west  
today.

Both in Majors Before.  
Shannon and Schreiber are known  
major league men. Stephenson was  
in the Cleveland Indians for several  
years, going to the American league  
club from the University of Ala-  
bama. Although he is an outfielder,  
he can play on the infield with  
suitable skill. Schreiber is more  
of a utility man than Stephenson, having  
played in the Cincinnati Reds' roster  
last year.

Shannon is one of the leading  
players of the American association,  
and it was this fact that held the  
weight with the Cub manager in  
making the deal with the Hoosier club.  
He had been at bat 195 times and  
had 10 hits for an average of .385.  
Shannon, who played at short stop  
for the Indians, made 35 hits in 152  
times at bat.

Shannon was the star of the

### In the Wake of the News

CRUSADER'S SUBURBAN.  
RUSADER, who won the Subur-  
ban handicap at Belmont Park  
Saturday, is a son of Man o' War.  
He was one of the colts that  
The Wake hoped to see start in  
the Kentucky Derby, both as a matter  
of sentiment and as a test of his 3  
year old ability.

Crusader won the Suburban, the first  
time by a 3 year old since Paul Jones  
in 1920, from a good field of handicap  
horses, although the handicap division  
this year appears rather weak com-  
pared with the youngsters. Second to  
him was another Man o' War, American  
Flag, generally accorded 3 year old  
honors of 1925.

The time for the mile and one-quarter,  
the same distance as the Kentucky  
Derby, was 2:03, four-fifths of a second  
faster than Bubbling Over. Time com-  
parisons mean little, yet if Crusader  
wins the impending Belmont stakes at  
one and one-half miles, as he seems  
able to do, he will be a disputant of  
Bubbling Over's supremacy.

What a fine offering of prospects  
between Crusader, Bubbling Over, and  
any others whose owners cared to en-  
ter would make for the new Lincoln  
Fields track in July or August. Col.  
Winn is accustomed to angling for just  
such attractions.

Sonnets of a Dub—VI.  
I don't object to kidding as a rule.  
And I've been kidding him for years  
From my wife cracking funny friends for  
years.  
Suggesting croquet as my forte, or pool.  
My tongue against their jests I've learned to  
school.

One rivalry, however, hurts my ears  
And all the pleasure of the game I know  
When I must listen to such witless drivel.  
For every now and then some wit will say,  
With serious pride, "I'm a better player  
Than you." "How badly did your wife beat you today?"  
The back of this there is, I must confess,  
A fact I can't with truthfulness deny—  
My better half shoots better golf than I.

Yankee Pros.  
American golf pros suffered humili-  
ating defeat in their team match  
against British golfers. It was the  
most surprising because of the bril-  
liant success attained by the American  
amateurs. It was the more dishearten-  
ing because we thought we had this  
year sent a stronger team to Britain  
than ever before. The Britons, no  
doubt, are chagrined at past Yankee

### No Ring Bouts This Month, Huncke Says

O. W. Huncke, chairman of the  
Illinois boxing commission, announced  
yesterday that Illinois will join the  
National Boxing association and that  
ring bouts will be permitted in Illinois  
this month. It may be the latter part  
of next month before the first permits  
are issued. The commission has been  
studying the situation for only two  
months. Up to date no one has ac-  
cused the commission of acting hastily.  
Huncke's announcement that Illi-  
nois will affiliate with the National  
Boxing commission, lays at rest all  
rumors the local commission intended  
to join forces with the New York com-  
mission, which is about the only one  
in the many states where boxing is  
legalized that is not a member of the  
association.

Won't Bar Rosenberg.  
It may also be gathered from the  
announcement that the commission  
will not put its foot down on the pro-  
posed ban on weight championship  
bouts between Phil Rosenberg, the  
champion, and challenger Bud Taylor.  
The title holder is barred by the New  
York commission because he will not  
fight Bushy Graham, who has allied  
himself with New York. Rosenberg's  
suspension would stand in Illinois.

Rule Making Slow.  
Huncke asserted the new boxing  
rules are being drafted and soon will  
be sent to Attorney General Clegg, from  
whom must pass upon them from a legal  
point of view. Blanket for license purposes  
and forms for promoters' permits are  
being drawn and sent to the state  
printer, who also will print the rules  
and regulations.

Huncke asserted the new boxing  
rules are being drafted and soon will

### DURNELL BACK IN GLARE OF TURF LIMELIGHT

His Horses Win 2 Races  
at Aurora.

BY FRENCH LANE.  
(Chicago Tribune Press Service.)  
Aurora, Ill., June 7.—Charlie Boos  
Durnell, trainer of McChesney when  
that thoroughbred was showing his  
heels to the best in America, today  
flashed back into the spotlight of Chi-  
cago racing for the first time in 20  
years, when horses running in his stables  
won the two feature offerings.

His three year old Bolton, scratched  
out of the Kentucky Derby an hour  
before Bubbling Over won that great  
race, captured the Mooseheart handi-  
cap at six furlongs and conquered  
the best sprinters that could be mus-  
tered against him. A half hour earlier  
his 2 year old Firewater all but won  
the juvenile championship when he  
scored a sensational victory over Bi-  
dy Ship in the Piano stakes.

Pay Long Odds.  
To the old timers Durnell's double  
triumph brought joy and consid-  
erable profits for both the thorough-  
bred runners in the popular black  
and white silks won at good odds.  
Firewater rewarded his followers at  
nearly 10 to 1, while Bolton's price  
was slightly less than 5 to 1.

Sharing honors with Durnell and his  
feet thoroughbreds was Willie Stamper,  
a diminutive apprentice jockey  
from Maryland, who rode both the  
winners. "Until he dropped Firewater's  
head down in front in the Piano  
stakes, young Mr. Stamper never had  
known the thrill of winning a race.

But his jockeyship played an im-  
portant part in the two victories, as  
he had to outstride the veterans C. E.  
Allen and J. Judy to win the 2 year  
old race, and he had Bolton away well  
to the lead in the juvenile race. The  
spoils in the Mooseheart, Bolton never  
lost the result of the day's big place  
in doubt after Jockey Stamper shot  
him into the lead as the field rounded  
the turn.

Before they reached the head of the  
stretch, Bolton was three lengths to  
the good, and when Star Dust, Happy  
Birthday, and Counsellor Connolly  
challenged him, he was well ahead.  
In front of factory on Dempster street.  
"Slow Men Working"—Rae of Rogers  
Park.

Do You Remember Way Back When?  
Every family had a bottle of quinine  
on the mantel and when one was a  
little "shaky" he had to take a dose in  
a wafer made by putting a small  
amount of bitter between two hot  
iron?—A. M. G., Michigan City, Ind.

Peabody's Entry Finishes Last.  
The old gold and red silks of Jack Peabody, Chi-  
cago sportsman, to the racing public  
here when Blasted Horses, a three year  
old he recently purchased from Ed-  
ward H. Bradley's late Hour Farm,  
started. Running close up most of the  
way, the colt dropped back and was  
last at the finish.

Bidy Ship cut out a dizzy pace in  
the juvenile race, and was only hand-  
led by Firewater in the closing strides,  
while Cotton O., always close up, was  
third.

Players of favorites took another  
drubbing: Rock Bottom starting the  
day off wrong when he won the open-  
ing race at odds of 88 to 1. From then  
until Gipsy Flyer won the seventh at  
30 to 1 and a popular change was able  
to look the judges in the eye at the  
finish.

CHAMPION LEADS  
VALLEY WOMEN'S  
GOLF PRELIMS  
Omaha, Neb., June 7.—(AP)—Mrs. O.  
B. Hill, defending champion of the  
Meadow Lake club, Kansas City, led a  
field of 44 middle western stars in the  
qualifying round of the Missouri val-  
ley women's golf tournament over the  
Omaha Field club course today with a  
score of 84, five over par.

### WHEN SPEED COUNTS

Bib Falk had no time to spare when scoring on Barrett's single in the first inning of the battle of the horses yesterday at Comiskey park. Barrett's single was a sharp drive to left and Fitzgerald whipped the ball back to the pan accurately, but was a fraction of a second too late.

### Race Plotter Confesses and Pays Damage

(Chicago Tribune Press Service.)  
Aurora, Ill., June 7.—A confession  
by Ulysses G. Young, former Charles-  
ton, W. Va., banker and capitalist, of  
his part in the race horse poison plot  
here ten days ago followed the ruling  
of the turf for life of all those im-  
plicated in the case here today.

Young was arraigned in Justice's  
court on charges of conspiracy and  
along with his confession, announced  
he had paid for all the horses poisoned.  
Later he furnished \$5,000 bond and  
was released, though ordered to ap-  
pear before the September grand jury.

In his confession, Young said he met  
Earl E. Clark, sought as the brains  
of the poison plotters, in Columbus  
three months ago. With Clark and  
Charles H. Davis of Dayton, he came to  
Aurora to purchase some race horses.

While at Aurora, he said, Clark and  
Davis, along with Frank Marion and  
Ernest Leaver, approached him on  
betting on a "sure thing," explaining  
they would give four of the horses  
harmless drugs that would effect their  
racing but would not injure them.

In their zealousness two downs  
of the poison were given to Apology and  
Elizabeth K. which resulted in their  
deaths.

Young is reported to have paid \$14,000  
to Joseph Keller, owner of Elizabeth  
K., and \$3,500 to E. E. Stereopce,  
owner of Apology. To J. W. Lewis,  
owner of Bandura he is said to have  
paid \$2,500, and to the Banola Stock  
Farm of Chicago, owner of Green  
Wood, he paid \$1,000.

Earlier in the day Young, Earl Clark,  
his wife, Rose Clark, Charles Davis of  
Dayton, O., Frank Marion of Spring-  
field, O., and Ernest Leaver of Spring-  
field, O., had been ruled out of the turf  
for life by the stewards of the Jockey club.  
Davis, Marion and Leaver are all in  
jail here, while Clark and his wife have  
not been apprehended.

### Joan Fry Beats Miss Ryan in Close Match

(Chicago Tribune Press Service.)  
[Copyright: 1926: By The Chicago Tribune.]  
PARIS, June 7.—Miss Joan Fry de-  
feated Miss Elizabeth Ryan, veteran  
California star, 7-5, 2-8, 11-9, in the  
quarter finals of the French hard  
court championships this afternoon.

The match was halted after two sets  
by a downpour which transformed the  
red clay courts into miniature lakes.  
The battle was resumed after the  
rain had stopped and the puddles on  
the drying court had been filled up  
with sand.

In the hardest fought set  
in the present tournament of the 18 year  
old English girl, unknown to the ten-  
nis world two years ago, beat the  
great Ryan by a skillful, courageous,  
uphill fight.

Mary Browne Still in Fight.  
The elimination of Miss Ryan leaves  
Miss Mary K. Browne the only Ameri-  
can contender for France's highest  
net title. The victory places her in  
line to meet Miss Suzanne Lenglen in  
the semi-finals after Miss Suzanne  
executed the formality of beating  
Miss Mathieu of France.

Vincent Richards and Howard Kin-  
sey reached the semi-finals in the  
men's doubles by eliminating Count  
Ludwig Salm von Hoogstraeten and  
Baron de Kehring, the Hungarian  
champion, 6-1, 6-3, 6-3. The strong  
American combination never greatly  
extended itself and crushed the noble  
rivals' attacks by the most brilliant  
play at the net.

Miss Fry won her first set from Miss  
Ryan by the powerful driving game  
against the Californian's chopping tac-  
tics. Then a drenching rain fell and  
Miss Ryan proved a mud runner. The  
center court dried remarkably quickly,  
allowing play to be resumed a few  
minutes after 6 o'clock. The small  
gathering of faithful fans who re-  
mained saw a spectacular duel.

Helen May Play in Month.  
The score was tied 3 all, 4 all, 5 all,  
and 6 all. Then Miss Ryan led by  
8 to 7, but a streak of wild serving  
cost her the needed game. Both  
brought cheers with their sizzling  
placement shots. Finally the pretty  
Joan, with a score of 9 all, launched  
a dashing attack which won two games  
and the match.

INDIA TO SEND  
POLO STARS TO  
AMERICA IN 1927

(Chicago Tribune Press Service.)  
[Copyright: 1926: By The Chicago Tribune.]  
BOMBAY, June 7.—The visit of the  
Indian polo team to America in 1927  
definitely has been arranged following  
communications from the Hurlingham  
club. The matter was settled with the  
acceptance of the Hindu team's chal-  
lenge for the Westchester cup.

The play for the cup technically is a  
match between the Hurlingham and  
Meadowbrook clubs, the rules per-  
mitting only the members of these two  
clubs to play. In order to avoid this  
ruling, the members of the Indian  
army club will become members of the  
Hurlingham club.

To finance the expedition to America,  
an appeal has been made for a pub-  
lic fund of 100,000 rupees (\$197,500), more  
than half of which has been raised.  
This will mark the first challenge from  
India for the Westchester cup.

out in first inning); off Ruffing, 8 in 6 in-  
nings; off Wingfield, 2 in 1-3 inning. Wild  
pitch—Ruffing, 1. Umpires—Dinnien and  
Ormsby.

BY IRVING VAUGHAN.  
Al Thomas, the bell ringer from Bal-  
timore, was a dismal failure yesterday,  
but it didn't make  
any difference.  
The young right  
hander was elect-  
ed to flatten the  
Red Sox in the  
final of the series,  
and he lost in less than  
an inning. He took  
an inning that  
he couldn't be  
satisfied with. This Jim  
John (Lefty) Ed-  
wards, however,  
also a flock of  
White House bills,  
so the latter  
troupe won out  
despite the four JIM EDWARDS.  
run handiaps caused by Thomas' er-  
rors in the first chapter. Final count  
was 10 to 5.

The excellent manner in which Ed-  
wards conducted himself after giving his  
fellow's misfortune had given him the  
opportunity was easily the highlight of  
an otherwise listless game. When the  
Mississippi southpaw took charge in  
the first inning they kicked him for a  
single before he could climb up the  
ladder of success. Then he took a  
man a couple more times in the second,  
also for one single in the third, where-  
upon he went to work in earnest and  
hurled six chapters that were entirely  
barren of success. This Jim John  
made up for the four hit defeat hung  
on him last week at St. Louis.

Barrett Has Big Day.  
Bill Barrett, the chatterer, also was  
much in evidence. Bill didn't have a  
chance in the field, so couldn't be  
blamed for anything defensively, as is  
usually the case. At bat he had four  
chances and he took advantage of each  
by planting the ball in some unpro-  
tected spot. Happily enough some of  
his hits were of great value, a single  
driving in two runs in the first in-  
ning, another single starting a two run  
rally in the sixth when two runs were  
needed to give the Sox the lead. An-  
other single sent a man home during a  
rhubarb seventh. Barrett's play made  
him a certainty for registering four  
runs.

Thomas' expedition in quest of vic-  
tory was such a bust that he didn't  
even get a man out. He passed the  
first batter and the next three singled.  
That put two runs across and Tommy  
departed. The only happening of the  
inning after this was a single off Ed-  
wards by Haney. It counted the two  
runners who were camping on the  
sacks as the result of what had hap-  
pened to Thomas.

Sox Come Back Strong.  
In the home half of the opening  
chapter the homespun Sox showed  
that four runs weren't enough to dis-  
courage them. They came back with  
three. Passes to Hunnefeld and Col-  
lins with one out were the starters.  
Sheely flied out, but Falk slammed  
a double to left and Hunnefeld tallied.  
Then Barrett cut loose his first single  
and Collins and Falk ran over the  
plate. The second chapter was marked  
by a run for each side due to hitting.

Ruffing was a good hurler in the  
third, fourth and fifth, as the Chi-  
cagans did nothing, but in the sixth  
they grabbed a lead that remained with  
them to the finish. Barrett's hit start-  
ing a run on a triple to right cen-  
ter by Kamm. Then Schalk laid down  
a perfect squeeze bunt and Kamm  
tallied.

Wingfield was put on the knob to  
start the seventh, but wasn't much.  
Three passes mixed with a double by  
Sheely and single by Barrett counted  
three and induced Wingfield to beat it.  
His successor was Lundgren. Kamm  
notched a long sacrifice fly off the  
latter and it scored Falk with the tenth  
and last run.

## MOON MULLINS—CANNED!

WEARIED BY THE FRUITLESS EFFORTS OF OTHERS TO SOLVE THE MYSTERY OF THE ANONYMOUS NOTES THAT THREATENED TO BLIGHT HIS ROMANCE, MR. BENJAMIN DORR HAS DECIDED TO TAKE MATTERS INTO HIS OWN HANDS—SO FAR INTO THE NIGHT DISGUISED AS A CAN FULL OF ASHES HE WAITS AND WAITS—

## GALE HELPS PRO DRIVE 342 YARDS ON CALUMET 13TH

Entrants in Open Practice for Test Round.

BY MORROW KRUM.

Most of the 113 golfers who will play thirty-six holes on the difficult Calumet Country club course next Monday in an effort to be among the lucky 19 to qualify for the national open tournament were basking their way into and away from the gale yesterday, trying to equal the three 68 cards on the bulletin board. But their efforts were futile. The best card of the day was made by Tom Mulgrew, who turned in a 73.

Jim Carberry, Shore Acres, had a 75, Eddie Murphy, Ridge, also had a 75, George Knox, the home pro, had a 78, Jim Meehan, the well dressed Celt from Riverside, had a 76, Alex Ayton, Onwentsia, had a 75, Bruce Herd, South Shore, needed 78, Gunnar Nelson, Elmhurst, had a 76 and J. P. Rouse Jr., Knollwood, took 76 strokes.

Meehan Drives 342 Yards.

The wind was terrific yesterday. It added strokes on all the westbound holes and cut them from the eastbound traffic. Perhaps the feature shot of the day was made by Meehan on the 352 yard thirteenth hole. The wind was back of Meehan and he put all his strength into the drive. The wind pushed the ball far away from the tee. When the foursome arrived at a spot short of the green they found Meehan's ball resting on the grass of the fairway. It was a 342 yard shot.

High with Wind, Low Against It.

Tom Mulgrew's play was interesting. He kept his westbound balls low and soared the shots with the wind. Tom has a short, quick swing, and it does the work. The score tells a good tale. One over par in yesterday's gale is good golf.

## Houser-Kuck Duel Looms at College Games

BY WALTER ECKERSALL.

Among the interesting contests carded for the National Collegiate A. A. track and field championships on Friday and Saturday will be the shot put duel between Capt. Bud Houser of University of Southern California and John Kuck of Kansas State Teachers' college.

When they met at the Drake relays in April Kuck was the victor by a narrow margin.

Since that time Houser has defeated the best weight throwers on the Pacific and Atlantic coasts.

Bud's Wife to Attend.

Dean Cromwell, coach of the Trojans who won team honors in the eastern intercollegiate, yesterday announced that Mrs. Houser is on her way to Chicago to give her husband the necessary support to defeat the only shot putter who has scored a victory over Bud this year.

Another interesting struggle should result in the two mile. Peaslee of New Hampshire, who has stepped the distance in 9:27, which is a record for New England universities, will be a sure starter. He will be pitted against Chapman of Wisconsin, Rose of Indiana, and Gillette of Montana.

King of Stanford, winner of the running high jump in the coast and eastern intercollegiate championships, will meet Burg of Chicago and Anson of Ohio State, who tied for first place in the western conference meet.

Hurdle Records Peril.

The meeting of Dye of Southern California and Capt. Guthrie of Ohio State in the high hurdles and the duel between Grumbles of the Trojans and Cuhel of Iowa in the low barriers are other events which may result in new world's or American records.

Trials in the 440 and 880 yard runs will be held on Friday. Tickets are on sale at Spalding's.

## Eckersall's Gossip of the Boxers

MIDGET SMITH, New York bantamweight under the management of Jimmy Sweeney and Ray Rychell of the south side, will meet in one of the ten round bouts of the Elks boxing show at East Chicago June 18. Two other ten round bouts will complete the card. Proceeds will go into the East Chicago Elks hospital fund.

Jim Mullen, local promoter, has taken over the heavyweight match between Jim Maloney of Boston and King Solomon of Panama. Mullen plans to stage the match either on June 23 or 28 in the East Chicago ball park.

George "Jerk" Doran, St. Paul promoter, is in the city to arrange matches for an outdoor show next month. Doran, who has John J. Lane as a partner, is trying to arrange a match between Jack Malone of St. Paul and Pete Latta, the newly crowned welterweight champion.

Bud Taylor, Terre Haute, Ind., bantamweight who has two matches on the coast this month, will arrive in Chicago today. He will work out today and tomorrow and will leave tomorrow night for the coast accompanied by Manager Eddie Long. On June 18, Taylor will meet California Joe Lynch in San Francisco and on June 25 he will clash with Chuck Helman at Portland. Both bouts will go to a decision and the weight will be 120 pounds.

Long has received an offer for Taylor to meet Jimmy McLarnin in Los Angeles on July 5. If no boxing is permitted in Illinois until the latter part of next month, Paul will take the McLarnin bout.

Local boxers, managers and promoters are almost a unit in predicting that Young Strubling will take the light heavyweight title away from Paul Berlenbach in New York on Thursday night. It is another case of a fighter meeting a boxer and in the great majority of cases the boxer is the winner.

Washington Crew Here

The University of Washington eight oared varsity and junior varsity crews, which will compete in the eastern intercollegiate regatta on the Hudson river off Poughkeepsie, N. Y., on June 28, will arrive in Chicago this morning. The crews, in charge of Coach Rusty Callow, will arrive at the Union station at 10:25 o'clock, daylight savings time. They will be met by Washington alumni

# WHEAT ADVANCES ON BULLISH NEWS ON KANSAS CROP

By CHARLES MICHAELS.

Bullish reports on the Kansas wheat crop sent in by local experts brought a material increase in outside demand and carried the July up 2c to a high of \$1.45, showing 8 1/2c over the low of a week ago. Heavy profit and selling against offers brought about a reaction, but the finish was at a net gain of 1/2c with July \$1.41 1/2c. Outside interest in corn and oats was much broader and corn was 3/4c higher, with July 73 1/2c to 75c and September 77 1/2c to 79c. Oats gained 3/4c, with July 41 1/2c and September 43 1/2c. Rye was 1/2c higher to 1c lower, with July 50c and September 52c.

## Northwest Needs Rain

Northwestern messages reported dry weather in the spring wheat territory, and even Montana would be greatly benefited by rain. High wind and dust storms prevailed in some sections. The last there was a report credited to the traffic department of the Santa Fe railroad which estimated the Kansas yield as high as 160,000 bu., compared with an estimate by another department last week of a minimum of 125,000 bu.

Wheat market has become a weather and crop affair and rapid price changes are expected. The heavy selling by local longs and commission houses was not unexpected in view of the rapid turn in the last week. A local operator was credited with covering a line of short July wheat and with going long September, while Minneapolis sold July here and bought there, the spread widening 1/2c during the day. The bulk of the pressure here was on the July, which closed 1/2c over the September and 1/2c on Saturday.

## Large Trade in Corn

A feeling that the price of corn was relatively too low, and with dry weather taking from parts of South Dakota, the first of the season, mentioning corn, prices advanced readily, easing off toward the last in sympathy with the reaction in wheat. Eastern cash demand remains slow. Movement of old corn was heavy with local arrivals of 825 cars.

Crop reports on oats from the west were less favorable and had some effect on values. Cash interests bought July and sold September on a liberal scale at a difference. Trade in rye was not large and market eased toward the last on profit taking.

## TO THE HOLDERS OF PHILADELPHIA COMPANY

First Refunding and Collateral Trust Mortgage 6% Gold Bonds Series "A" due February 1, 1944.

Notice is hereby given, as provided in Article IV of the First Refunding and Collateral Trust Mortgage, that the Philadelphia Company and Guaranty Trust Company of New York, Inc., Trustees of said bonds, have been drawn by the sinking fund commission to call for redemption and sale on August 1, 1926, at 105% of the principal amount, and accrued interest thereon to that date:

BURST OF BUYING  
IN LATE TRADING  
HOISTS STOCKS

## YESTERDAY'S AVERAGES

High	Low	Last	Change
91.14	90.28	90.28	+1.14
121.10	120.29	121.01	+1.41

New York, June 7. (AP)—An outburst of buying carried prices sharply upward towards the close of today's stock market after an early period of dullness and irregularity.

Transactions disclosed a long list of net gains ranging from 1 to 6 points interspersed with a much smaller number of losses, most of which were of a fractional character. Total sales were 1,170,000 shares.

There was nothing in the day's sales to account for the sudden display of strength, although the further indication of easier money rates had a bullish effect on sentiment. Call money rose to 4 1/2 per cent and held steady at that figure all day. Time money rates were unchanged, but commercial paper rates were easier, being quoted at 3 1/2 to 4 per cent instead of on a flat 4 per cent basis.

# The PRUDENCE COMPANY is now the Strongest First Mortgage Company in the World

Working Funds: \$27,500,000.00

PRUDENCE GUARANTEE formerly backed by \$4,500,000.00

Now \$12,500,000.00

IN the ratio of protection to investors, THE PRUDENCE COMPANY is today the strongest first mortgage institution in the world.

Its powerful and growing capital structure is the result of the public's response to the policy of its founders to sell nothing that they couldn't guarantee!

Never once in all its history has it issued one dollar's worth of first mortgage securities without pledging its own resources for good measure!

It has fought consistently to emancipate the public from investment risks, and its Guarantee, long deprecated by competitors as a novelty, is now accepted by growing thousands of investors as the karat mark of perfect safety in a first mortgage investment.

That Guarantee formerly stood at \$4,500,000.00.

IT IS THIS DAY INCREASED TO \$12,500,000.00.

WHICH MAKES IT, in proportion to the total issues of Prudence Securities, THE STRONGEST FIRST MORTGAGE GUARANTEE IN THE WORLD, NOT EXCEPTING THE GUARANTEE OF ANY OUTSIDE COMPANY IN EXISTENCE.

An outside guarantee, however strong, is spread thin over innumerable risks, whereas every dollar of the new Prudence Guarantee is pledged wholly and unequivocally for the additional protection of the Bondholders.

Its benefits accrue equally, of course, to old Prudence investors as well as new, and its protection applies alike to Prudence First Mortgages, Prudence-Certificates and Prudence-Bonds.

Yet THE PRUDENCE COMPANY neither asks nor expects investors to buy Prudence Securities on the basis of the Guarantee alone, but first to consider them solely on their intrinsic investment merit, and thereafter to consider them in the light of the Guarantee.

For the Prudence Guarantee means two things:

It means Added Safety—and it also means Proof of Faith!

You not only get ADDED SAFETY in a written Guarantee on the face of a Prudence Security—you also get FUNDAMENTAL SAFETY at the heart of a Prudence Security!

All properties behind Prudence First Mortgage Securities are on an income-earning basis—all properties are evaluated by competent and conservative appraisers—and there is no single instance of a Prudence property ever being either over-valued or over-loaned.

Many first mortgage securities are dangerously over-loaned and are issued with practically no equity behind them, but a Prudence Security is backed by a substantial equity the moment the loan is made. It is safe in the first hour of issue, even as it is Guaranteed to the last hour of maturity.

THE PRUDENCE COMPANY is an outstanding example in first mortgage financing of an institution that applies the same rigid, inflexible rules of procedure in making a loan on a building, that a bank employs in making a loan on collateral.

In fact, we should like to have you consult your bank about THE PRUDENCE COMPANY which, like your bank, is incorporated under the Banking Laws of the State of New York and which, likewise, operates under the supervision of the New York State Banking Department.

Let us also suggest that you compare the Financial Statement of THE PRUDENCE COMPANY with the financial statements of other first mortgage companies, either from its forthcoming publication in the newspapers, or from a copy we shall be glad to send you on request.

And let us urge you, finally, to familiarize yourself with the Directors of THE PRUDENCE COMPANY, noting the preponderance of important banking interests and the adequate representation of men conspicuous in Metropolitan real estate activities.

These men are your assurance of sound banking and real estate practice and your protection against the hazards of one-man control.

NEW YORK GRAND RAPIDS DETROIT

**LEECH SEES NEW ERA OF PROGRESS FOR NORTHWEST**  
BY HARPER LEECH.  
Relative shrinkage of the railway tonnage and the financial returns for railroads in the Northwest, contrasted to the phenomenal gains of the south and the steady upward climb of eastern railroads, may be the cause of undue pessimism. There is real evidence in present traffic trends and home seeking that the Northwest is in for a new period of progress.  
A couple of days spent recently in the Twin Cities fortified that impression with this writer. There has not been the amount of commercial and industrial building in cities west of here that is evident in the cities less closely identified with agriculture to the east of us. An inspection of neighboring cities gives one the idea that Chicago's astounding growth and building energy, although it would have been greater if agricultural prosperity had been more nearly in tune with industrial progress, is largely the result of Chicago's metropolitan status.

When a city reaches the size and widespread influence of either New York or Chicago, it acquires a great variety of sources of income from professional, financial, artistic, educational, amusement, and other services, mostly summed up under that handy term "cultural," which give it a stability and rate of growth not even attainable by cities of wide industrial and trade diversity—and not approached by cities identified with only a few great industries or with agriculture.

In common with the corn belt the northwest is yet under the handicap of that differential between agriculture and industry, which it is sought to remedy by organized control of exportable surpluses. That handicap, still existent six years after deflation, appears to have become chronic, and as its causes are at least partially man made by tariff laws, it would seem to be one, and perhaps the only, farming ill remediable by legislation. What man has done, he can undo. Laws can create equality of opportunity, although they can never create equality of ability—and the pending farm bills provide nothing more artificial than an equal break.

But aside from the general handicap of all agriculture relative to industry, the prospects of the northwest appear rosy. The fact is, it has liquidated its self-inflicted misfortune. It had little land speculation, compared to other sections, and values are now down to the point where the land cost is not a heavy charge against production. Some observers say the land at present prices is really cheaper than when it was free, if the subsequent development of the country and the creation of transport and markets be taken into account.

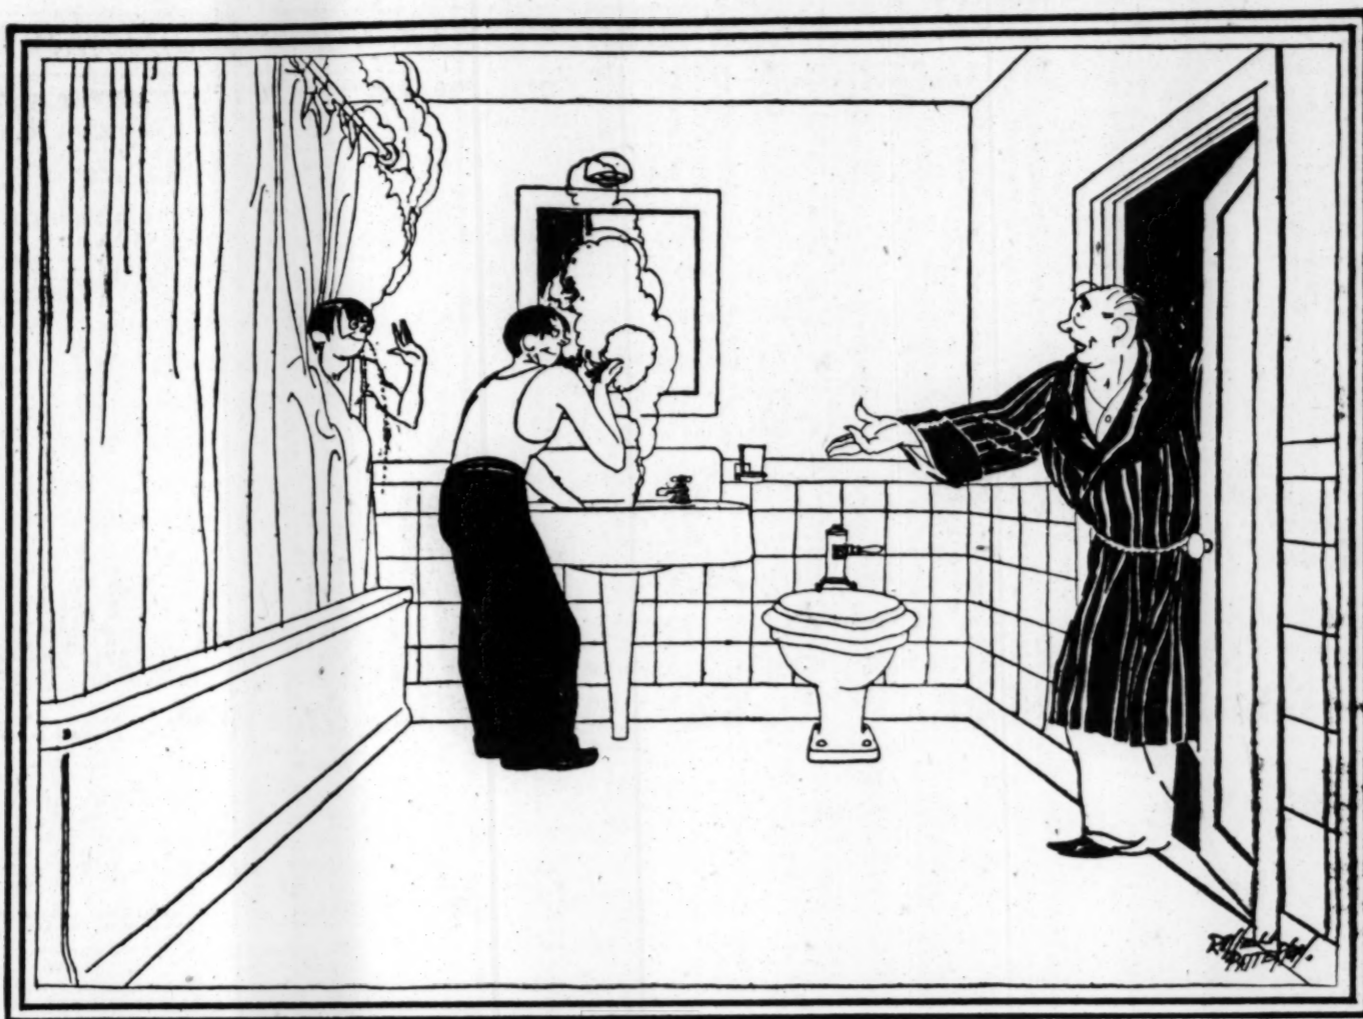

Don't buy anything because of reading this. Do your own investigating and plenty of it. There are no fancy profits or booms in sight, but even if congress does nothing the farms and railroads of the newer portions of the northwest are going to do much better soon, if for no other reason than that they suffered as much as they did. Large parts of that section are right now in the stage of agricultural evolution which Iowa and Wisconsin passed thirty or forty years ago, when they ditched the one crop system. That much of the northwest is destined to a period of prosperity similar to that of the older west, because of its improvements of technique, seems to be a reasonable forecast.

**MONEY AND EXCHANGE**  
Money in Chicago firm at 4 1/2% per cent on collateral; commercial paper, 3 1/2% per cent; 4 1/2% per cent over the national bank; acceptances, 3 1/2% per cent. New York exchange, wire, par. Chicago bank clearing, 104.000, compared with \$103,000 a year ago. A week ago was a holiday.

# Guess who'll lose this argument over bathroom rights!

Three in a bathroom are two too many! Dad can argue himself blue in the face but it looks as though he won't get a bath *this time*. For once, Bud, and Junior were the early birds and got to the bathroom first!

And thus it goes, day after day. Every morning sees the bathroom a "battleground" for an otherwise peaceful family. Caustic comments are hurled back and forth—the entire family's temper is put on edge. Breakfasts are gulped—sunny dispositions are ruined—baths are skipped—everyone is inconvenienced—even health may be endangered! From any standpoint, does it really pay to have an inadequate number of bathrooms?

## A Matter of Great Importance to Every Family

Americans are the cleanest people in the world. They like to feel clean and like to be clean. Yet it is safe to say that 85% of homes and apartments today need more bathrooms. In fact, almost all home owners, tenants, architects and builders agree that it is a mistake to economize on bathrooms.

There is today no excuse for practicing this false economy in bathrooms. The Weil-McLain Company offers builders dependable plumbing fixtures at prices that put more bathrooms within the reach of everyone.

## Why Weil-McLain Can Serve You Best

First—The Weil-McLain Company sells millions of dollars worth of quality plumbing equipment yearly right here in Greater Chicago and the Middle West—and therefore knows what people want and what will best fit their requirements.

Second—For more than 30 years the Weil-McLain Company has been closely identified with the rapid development in modern plumbing—and today Weil-McLain Plumbing Equipment embodies refinements representing the highest developments of the Plumbing Industry.

Third—The Weil-McLain Company has made a special study of the need for more bathrooms in modern homes and apartments, and is in position to offer ideas on how to have more bathrooms and how to keep the cost within the reach of all.

## Call at Our Showrooms and See Weil-McLain Bathroom Fixtures

We invite you to come to our showrooms, where you will find a complete assortment of bathroom fixtures from which you can make a choice suitable to your needs and your pocketbook.

We will gladly consult with you or with your architect, builder or plumbing contractor. Or we shall be glad to send you, upon request, our new booklet, "More Bathrooms for Better Health."

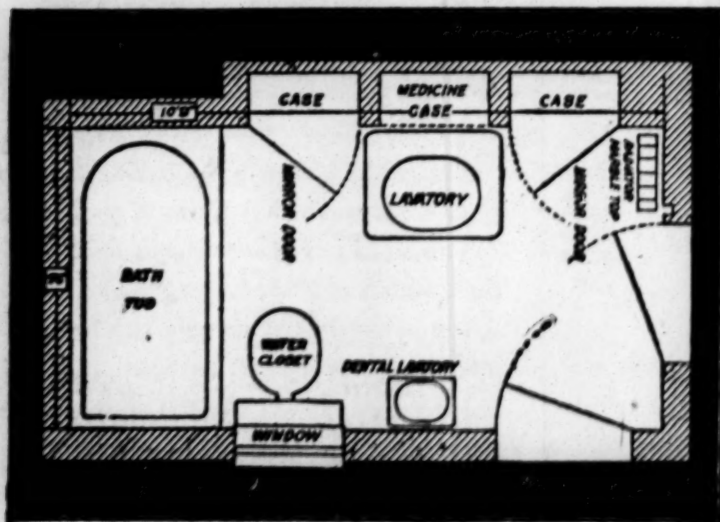

Reliable, responsible, plumbing contractors in your community sell and install Weil-McLain Plumbing Equipment.

Look for the Weil-McLain label on every piece of Plumbing Equipment you buy

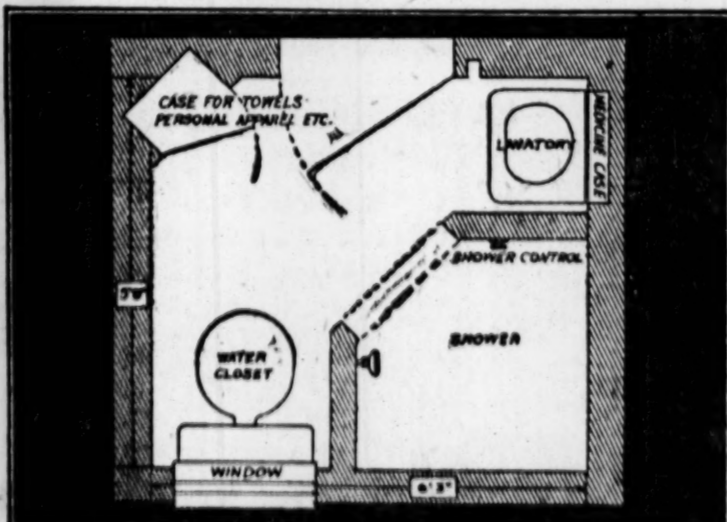

Select equipment bearing it and you are assured of beauty, durability and satisfaction.

**WEIL-McLAIN COMPANY**  
Plumbing Division

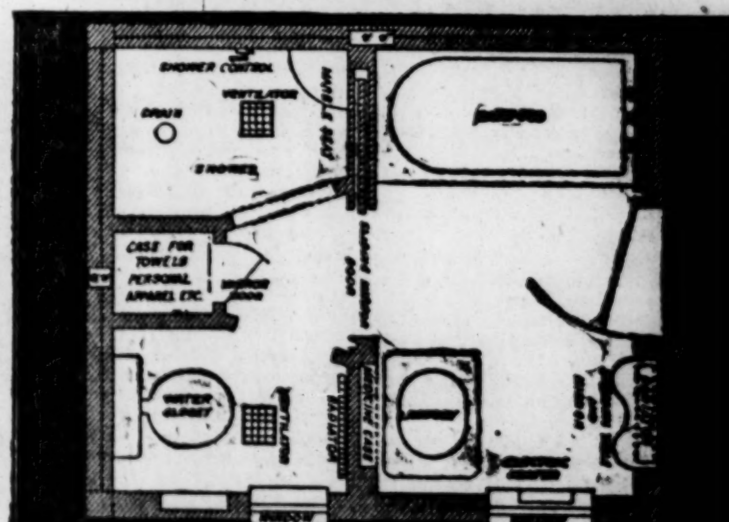

Showrooms and General Offices: 641 West Lake Street, Chicago  
(Manufacturers of the well-known Weil-McLain Scientific Combination Toilet)

**CHILDREN'S OR GUEST BATHROOM**  
The two cases for personal linens, in addition to the medicine case are appreciated conveniences. The dental lavatory will be a daily reminder to the children to brush their teeth.

**SON'S BATHROOM**  
In such a bathroom as this the son of the family may splash to his heart's content. He can be under the shower as often and as long as he likes without inconveniencing others.

**DAUGHTER'S BATHROOM**  
The above bathroom has been planned with a distinctly feminine note. The distinctness and charm of all the appointments will have an irresistible appeal to the daughter of the family.

# YANKEES AID BIG BRITISH MINING DEAL IN PANAMA

Principals Deny London Government Interested.

BY JOHN STEELE.  
(Chicago Tribune Press Service.)

LONDON, June 7.—The plans for developing the concessions secured on each side of the Panama Canal Zone by the Panama Corporation, Ltd., which is a £2,000,000 (about \$10,000,000) concern floated in London April 4, 1925, include instructions to the company's engineers to develop ports and shipping lines on the Isthmus of Panama, according to Duncan S. Alves, chairman of the Panama corporation. Nevertheless officially he denied today that the concessions constituted a military menace to American authority or were aimed at a further grab of the world's rubber lands.

Mr. Alves said the concessions were procured by the British to put Panama on the map commercially and prove the beginning of a banana period in the history of the Isthmus, since it is hoped completely to develop mineral resources of the country, so far neglected, thus making it rich.

**Ridiculous Demand.**  
At the same time Mr. Alves pooh-poohed Senator William E. Borah's demand for an investigation into the securing of the concessions. He said the British government was unswerving in the negotiations were going on until they were completed and had not the slightest interest in challenging the Monroe doctrine or in gaining a foothold near the canal, and as a matter of fact, Mr. Alves said, there was a clause in the contract between the United States and the Panama government prohibiting government interference.

Further pointing out the honesty and openness of his corporation and its operations, Mr. Alves said he is not interested in the development of rubber but only of subsoil minerals. He would not be possible, as far as his company is concerned, to take over other interests. Mr. Alves said that the good faith in his company is best attested by the fact that large American financial interests were kept informed on each step taken toward securing of concessions, for which not one cent was paid to the Panama government by the floating company.

**Large Yankee Holdings.**  
Mr. Alves said that Jessup & Lomont, as well as A. Murray & Co., the New York financial concerns, had large holdings in the Panama corporation. Continuing his protest to prove the pure commercial nature of his corporation, Mr. Alves, who is a large type, built along J. P. Morgan lines, slyly hinted how the British grabbed valuable business from under the eyes of the Americans. Mr. Alves was associated with Sir Alfred Mond in an expedition which was sent out some months ago to explore Panama and which led to the discovery of gold in Panama.

The present company is the outgrowth of this expedition, and for their efforts in exploring the Isthmus and for the company Mr. Alves and Sir Alfred have held half of the stock of the Panama corporation. Mr. Alves also was associated with the development of oil in Venezuela in 1914 and knows Central America and northern South America thoroughly.

Answering questions as to why the Panama corporation will develop ports and shipping lines, Mr. Alves said this is necessary in order to follow the mineral excavations which he is sure will be developed. The minerals chiefly sought are gold, silver, copper, and zinc.

## CANADA ORDERS QUIZ ON SEAWAY IN ST. LAWRENCE

(Chicago Tribune Press Service.)  
OTTAWA, Ont., June 7.—Canadian parliament has voted \$130,000 for expenses in connection with investigation into the St. Lawrence seaway proposal.

Representative Hocken, Ontario conservative, urged consideration of the development which he described as the greatest which has ever come before the dominion. If the suggested all-American canal were agreed to, Canada's opportunities with regard to the St. Lawrence would end.

Representative Stevens, conservative, Vancouver, asked that every effort be made to have all the information ready for the next session of parliament.

## Rains Mud in Wind

Storm at London, Ohio  
Cleveland, O., June 7.—(AP)—Residents of London, O., Madison county, witnessed an unusual spectacle today when it rained mud. For fifteen minutes, the residents declared, the rain broke fell, laden with dust in solution. The strange precipitation was attributed to a wind storm which preceded the rainfall.

## RADIO PROGRAMS FOR TODAY

(Chicago Daylight Saving Time.)

**REVIEW** of the most popular bits of the outstanding New York programs broadcast every Tuesday night during the winter and spring seasons will be presented tonight at 8 o'clock on WGN. This Chicago station on the Drake hotel. Included on this program will be selections from the dramatization of Longfellow's "Evangeline," and excerpts from the "Lithamite." The New York program broadcast on WGN every Tuesday has come to be one of the best-liked attractions on the air.

**Joe Laurie Jr., star of "If I Was Rich,"** at the La Salle theater, will be heard in a comedy monologue this evening at 8:45 o'clock.

**Sam 'n' Henry,** the popular colored boys, will be heard tonight at their regular hour, 10 o'clock. Their dialogue tonight will abound in the same rich humor that marked their striking trip before last.

**Today's radio meeting of The Woman's club** will be presided over by Mrs. James MacArthur, president of the Renaissance club. Entertainment will be furnished by Edward Barry, pianist, and Patricia Coates, baritone. Every day at 8 o'clock a radio meeting of the club is held.

**DETAILS OF TODAY'S W-G-N PROGRAM.** (Wave length 303 meters.)

**8 to 9:45 a. m.**—Summary of day's news; 10 to 10:15 a. m.—Good health and training program; 10:15 to 10:30 a. m.—Teachers' association; 10:30 to 10:45 a. m.—Sumner and the Boston Problem; 10:45 to 11:15 a. m.—Mrs. Wren's Home Management period; 11:15 to 11:30 a. m.—Arranging the Kitchen; 11:30 to 11:45 a. m.—Time signals by the National Watch company; 11:45 to 12:15 p. m.—Gardening talk by J. A. Young; 12:15 to 12:30 p. m.—Time signals by the National Watch company; 12:30 to 12:45 p. m.—Closing stock and bond quotations.

**MUSIC AND ENTERTAINMENT.**

**10:15 to 10:45 a. m.**—Entertainment by the National Watch company; 10:45 to 11:15 a. m.—Organ recital by Dean Marshall of Chicago theater; 11:15 to 11:30 a. m.—Children's story period; 11:30 to 11:45 a. m.—Studio features; 11:45 to 12:15 p. m.—Moody Bible institute; 12:15 to 12:30 p. m.—Farm program; 12:30 to 12:45 p. m.—The woman's club; 12:45 to 1:15 p. m.—Ten time musical by Marshall Field department store; 1:15 to 1:30 p. m.—Edward Benedict at Kimbark; 1:30 to 1:45 p. m.—Miniature recital by J. A. Young; 1:45 to 2:15 p. m.—Uncle Wally's Punch and Judy; 2:15 to 2:30 p. m.—Request program by Drake concert ensemble and Blackstone orchestra; 2:30 to 2:45 p. m.—Joe Laurie Jr.; 2:45 to 3:15 p. m.—Sam 'n' Henry.

## ERSTEIN BACK TONIGHT

Charlie Erstein will be on the air tonight through WLBB, the Liberty Weekly station on the Drake hotel. The well-known announcer, whose humor is familiar to radio fans, will offer a novel program at the following hours: 9 to 10 o'clock; 10:10 to 11 o'clock; and 11:20 to 12 o'clock. Several of his best known readings and burlesques will be given and music will be played.

## Mayor Goes to Receive St. Bonaventure L.L.D.

Mayor Dever, accompanied by a party of clergymen, left last night for Buffalo, N. Y., where the mayor is to be the guest of honor and principal speaker tonight at St. Bonaventure's college. The mayor was married in the chapel of the institution. The college will confer an honorary degree of doctor of laws on the mayor during his stay. Accompanying Mr. Dever when he left at 6 p. m. on the New York Central were the Rev. Msgr. Francis H. O'Brien, Rev. Alexander Knitter, Rev. Francis Kilderry, Rev. William P. Quinlan, and the Rev. Joseph Kiley. The St. Bonaventure Alumni association meets in Chicago June 25.

## Rosehill Mausoleum

Certain

"Now that father's responsibilities have fallen upon me, I realize how truly the protection of his foresight." The son looked longingly at the father's name on the crypt behind the grill fronting his family section in Rosehill Mausoleum.

"Because, long before passing on, father arranged this family section, no tax was paid upon it; which tax I would have paid indirectly had I bought it afterwards out of inherited funds. That is but a small part of the great comfort and peace of this sure defense which will enfold my sleeping loved ones for ages to come."

This rare privilege is not costly. Single crypts in the new addition to Rosehill Mausoleum may be had for as little as \$450; family rooms for \$6,500. All are assured perpetual care through a trust fund and the Mausoleum Building Special Reserve Fund. Inquiries, by mail or in person, will receive prompt and courteous attention without thought of obligation.

IOWA PRIM  
VOLTS CAP  
COOLIDGE C  
Not Seen as R  
at White Ho  
BULLETIN.  
Des Moines, Ia., June 8.  
Returns from 2,362 precincts  
state's 2,447 gave Brookhart  
majority of more than 65,000  
count of the leading  
was: Brookhart, 203,077;  
Albert B. Cummins, 133,373;  
and J. Clark, 62,373.  
BY ARTHUR SEARS H.  
[Chicago Tribune Press Staff]  
Washington, D. C., June 8.  
The defeat of Senator  
by Smith Willman Brookhart  
Republican primary in Iowa  
produced the biggest political  
in the capital in modern  
Democrats were elated,  
Iowans were grim, and the  
generally spent the day  
the phenomenon and in its  
casting the future.  
Everywhere except at  
House and among the clo  
of the President the no  
Brookhart was looked upo  
by the Iowa Republicans.  
The administration, congr  
present national leadership  
publican party.  
Resents Farm Pol  
The theory of the auth  
interpretation is that Iowa  
sympathetic attitude ad  
administration and the Re  
sagress toward the farm  
tion proposed by the co  
also resents the uneasine  
part by the senate, which  
regard of the Iowa electi  
The administration co  
blame in the matter, reg  
mines the victim of a fac  
stirred up by the uneasine  
part. It refuses to see in  
result any repudiation of t  
on the question of farm r  
tion, inasmuch as in reje  
mines the Iowa Republica  
one of the authors of the  
bill.  
Some of the farm b  
thought the defeat of Cu  
made votes for the pending  
bill by impressing waverr  
with fear of political wa  
If congress fails to do so  
the farmers at this session  
made late in the day by  
leaders, indicated that no  
been, changed.  
Cummins Voted for  
Anti-world court senators  
to call attention to the fac  
minis makes the fourth pr  
star to be defeated for re  
the others being McKinley  
Pepper (Rep., Pa.), Stan  
Ore.).  
Senator Cummins took  
stomach, spending the affe  
senate participating in th  
tion of the farm bill.  
"I have nothing to say  
express, in this way, my  
cipation to my friends in I  
constant, untiring work in  
he said to the reporters.  
done everything for me th  
wealthy men and women c  
am profoundly grateful fo  
this gratitude will continu  
I live."  
Demand for Farm I  
Senator Dan Steck (Dem.  
the senate seated in plac  
hart, as the primary res  
mand for farm relief legis  
this session adjourns. Se  
previously had expressed h  
Cummins would defeat B  
The Democrats got the  
faction out of the epis  
viewed the Iowa upheav  
omatic of revolt in the  
party throughout the corn  
bills, a revolt which sh  
the Democrats to regain t  
gress next November and  
he regarded as a harbinger  
cratic victory in the pres  
tion of 1928.  
Predict Brookhart's I  
Representative Oldfield  
chairman of the Democra  
sional campaign committe  
that Claude R. Porter,  
candidate for senator in I  
last Brookhart.  
"The overwhelming def  
after Cummins yesterday w  
severe blow yet dealt this  
line," said Mr. Oldfield.  
the heels of the defeat  
McKinley, and Standfield, it  
the revolution within the  
party is on.  
"This administration ha  
continued on page 9.
